

# BRIDGES cabinet

**bd**

Bridges is a collection of cabinets designed by Muller Van Severen. MVS developed the cabinets from their series of 'Wave' vases.

The vase silhouettes were brought into handmade cabinets with unique cutout bases that transcend function. Their refined colours and glossy finishes emphasise structure, standing out with a sculptural beauty.

Alone or as a whole, the Bridges cabinets create a colourful architecture that is vibrant and spacious and, of course, full of personality.

# Bridges cabinet

## FINISHES

Containers, shelves and doors are made of MDF and gloss lacquered in five different colors: Green, Red, Blue, Aubergine and Oyster white. The interiors and back are always lacquered in matt finish. Optional back part of the cabinet in gloss lacquer. Optional 5mm glass top painted in the same color of the cabinet. Regulation glides are included in order to fit the different floors. The doors have steel hidden hinges finished in titanium, installed with an automatic pulse opening spring system.
