TAKEOUT

PORTABLE TABLE LIGHT

Takeout is a portable table light made from solid metal and featuring our signature cross-knurl. The light features our unique B+P light pipe, and canopy, housed in a toughened glass shade, and is 'step dimmable' at a touch.

The light pipe gives a warm, ambient glow and the LED canopy shines a functional light downwards onto your table. Think useful candle...

With a run time of around 14 hours at full power, Takeout is IP65 wet rated and suitable for use outdoors. The light is available in our brass or steel finishes to match other Buster + Punch detailing, lighting and hardware in an interior.
