

LIZ-M. CHAIR

DESIGN: CLAUDIO BELLINI.

Construction	– steel frame – spring back	Stackability and transport dolly	Liz-M is stackable. If required both models can be stacked over one another. Up to 12 chairs can be stacked. Optionally, a trolley cart is available. Trolley cart 1339: is comprised of wood and has 4 casters. Heights including trolley cart measure as follows: 8 chairs: - 143 cm up to the arm - 154 cm overall 10 chairs: - 162,5 cm up to the arm - 180 cm overall 12 chairs: - 182,5 cm up to the arm - 199 cm overall Without a trolley cart heights get reduced by 7.8 cm
Frame	– tubular steel diameter: 18 mm – glides provided as protection for stacking		
Upholstery	foam: lining 3 mm and covers from the Walter Knoll Collection, removable covers		
Cover	removable covers		
Arms	Open arms have black plastic pads. Optionally pads in leather: - for leather covers, arms in same leather as the chair - for fabric covers, arms are in leather Select black		
Information	– cover and frame can be disassembled and recycled. – cover may develop slight creasing due to its design and as a result of upholstery stretching when in use – shiny areas may appear if chairs are stacked frequently, especially the powder-coated black matt frame
