

JAIME HAYON

# LOUNGER

**bd**

Jaime Hayon's Lounger has a curved structure and incredible comfort. A sitter can simply sink into comfort and relax in grace. The elegant and comfortable components mix with the exposed structure of the seat. The visible grain and veneered wood highlight the unique subtleties of the Lounger. Its soft fabrics, supple leather and ottoman invite a moment to lay back and relax in the plush shell.

Hayon plays with the modern classic of the Eames Lounge Chair, similarly dedicating his Lounger to the future with enduring, high-quality materials and an elegant form. The chair has a spacious quality that matches its gorgeous materials, finishes and colours.

# Lounger

FINISHES

Armchair seat and backrest in plywood and veneered in beech wood. Wooden structure finished in either varnished natural ash, ash-stained oak or ash stained black, or walnut nature effect.

Base structure and footstool in cast aluminium with tubular painted steel legs and a powder coated finish.

The armchair and footstool are available in monotone or a combination of colours, upholstered in a range of BD's fabrics and leathers.
