

OPAL ARC FLOOR

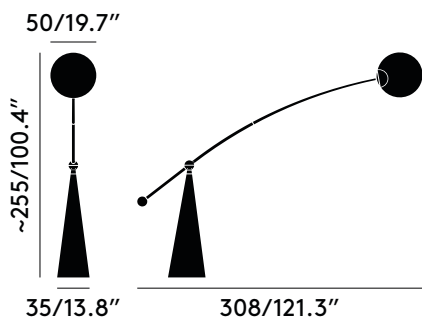

Opal is a family of translucent globes using our own custom recipe of tinted white opalescent polycarbonate. Semi translucent, they maintain an ethereal ghostliness in the daylight and at night form a perfectly illuminated sphere. Coupled with our new custom-made Tom Dixon LED, the Opal range emits a soft, diffused and flattering light. The gentleness of the light bulb shape is achieved through a blow-moulded custom combination of opalescent plastic.

OPAL 50 ARC BLACK FLOOR EU

Code
OPS0102-FEU01M1

Components
OPS0102
ARCF01BKEU

Year of Design	2018
Material	Polycarbonate, steel and carbon fibre
LED Spec	6W LED included. LED and driver replaceable via Tom Dixon.
Cable Spec	250 cm/98.4 in black fabric cable with foot switch
Dimmability	Not dimmable
Rating/Location	IP20

OPAL ARC FLOOR

Process

Blow moulded opalescent polycarbonate globe with an injection moulded polycarbonate diffuser. Gloss powder-coated large rolled steel base and counter weight, with a tapered roll wrapped carbon fibre stem.
