

PARC 05

Parc is a collection inspired by childhood imagination and the essentiality of homemade forms — created in collaboration with Swiss designer Adrien Rovero. Evoking the archetype of a flashlight, each lamp of the Parc Collection is a playful reminder of time spent in nature, when a simple tube and piece of string could be used to fashion any number of creations. These makeshift things, at once naive and functional, harness the unique beauty of peeling an object back to its essence.
