Versatile Signs & Decoration Panel

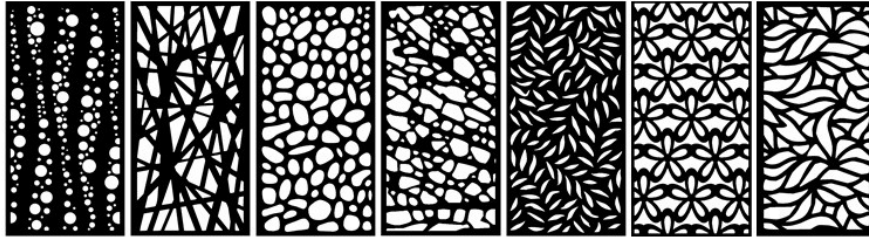

Nubond Aluminium Composite Sheet is a versatile sign and decoration panel, renowned for quality and durability to suit all types of applications.

Nubond is manufactured using a high-grade Aluminium alloy and a virgin plastic core to enable grooving and folding without snapping. Available in a wide range of sizes, finishes and thicknesses, including a digital print grade with specially designed paint to enhance flatbed printing performance. The Nubond range also features a PVDF coated sheet backed by a 10-year outdoor warranty.

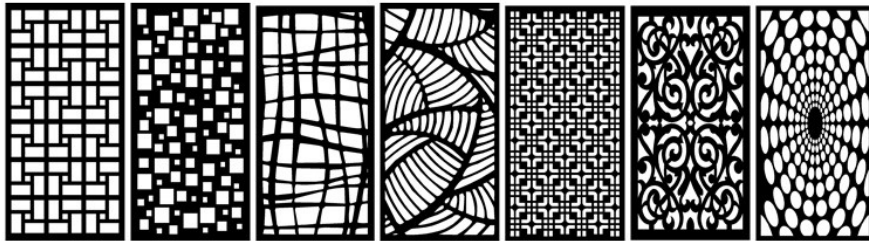

Advanced Poly can offer display panels measured to 2400mm x 1200mm x 3mm thickness. The panel can consist of 1 design per panel or 4 different designs from the 1 panel, each panel measured to 1200mm x 600mm x 3mm.
