JULY TIPS AUTHOR: TRMOTORS // CATEGORY: MONTHLY TIPS

JULY

Keeping your windscreen clean and clear. Small chips in your windscreen can become a huge issue if not dealt with early. A chip can usually be repaired easily before it fractures and a windscreen replacement is needed. Some scratches can be buffed out giving you a safer clearer view of the road. We can check your windscreen and arrange any work needed. –The TR Motors Team

JUNE TIP AUTHOR: TRMOTORS // CATEGORY: MONTHLY TIPS

MAY

Get your car serviced on the due date. Skipping a service or stretching the due date is false economy. A qualified mechanic regularly servicing your vehicle will have your car running more efficiently and able to pick up any problems before they become dangerous or more expensive. We can recommend when your car is due for its next service and get you into a regular car servicing regime. – The TR Motors Team

MAY TIPS AUTHOR: TRMOTORS // CATEGORY: MONTHLY TIPS

MAY

Regular radiator checks ensure your motor will not overheat. Overheating can cause major damage to your engine. We can make sure your coolant levels are correct and your radiator is working efficiently. This small service can save you lots of money in the long run. The TR Motors Team

APRIL TIP AUTHOR: TRMOTORS // CATEGORY: MONTHLY TIPS

APRIL

Keep any eye on your windscreen wiper blades. Worn or damaged blades can mark or scratch your windscreen. Inferior blades are inefficient and will leave your windscreen blurry in the wet. We can check your wiper blades and replace with quality ones if necessary. –The TR Motors Team

MARCH TIP AUTHOR: TRMOTORS // CATEGORY: MONTHLY TIPS

MARCH

Regularly check your tyres are the correct pressure for your vehicle. This will ensure your tyres last longer and your car will use less fuel. We can advise you on the pressure your make and model car requires. - The TR Motors Team
