We've been working with the team at Advantage Electrical for the past 3 years and couldn't be happier with their professional, prompt & efficient service. Nothing is ever too hard and they always provide high quality workmanship that they take pride in. We look forward to working with you again in the future and wouldn't hesitate to recommend Advantage Electrical on to others.

Thanks heaps,

Dan & Katrina Mayfield

On 2008 we built a new home in Mackay. During the planning stage our builder Higgins Designer Homes suggested we use Advantage Electrical for our electrical and electronic work.

We were very grateful for this recommendation as we have had a very good relationship with Damien Tapp and his staff, during the construction period and ever since.

I have also used Advantage Electrical for other work in our industrial sheds and have always been very happy with the price and quality of work completed.

It is therefore for this reason, I am more than happy to recommend Damien Tapp and Advantage Electrical for electrical work in housing and industrial areas.

After a cyclone, last year, my husband and I had lost power to our house. When everyone else in our street had their power restored, we still had a problem. We rang Damien from Advantage Electrical who came out as soon as possible and had our issue sorted in no time at all. Very prompt and very professional. We will always call Damien for any further maintenance and have no problem referring him to our friends and family. Big thanks Damien...Rhonda Marriage
