Event Directors General Overview

2026 Rockstar Automotive Mini 'Dulla Rally

This years Mini 'Dulla is a partnership between Shoalhaven and Kiama Districts Auto Club and AMSAG Inc. The Mini 'Dulla Rally has a history stretching back to 2004. The event is run from the picturesque Shallow Crossing Camping Ground. Once again free camping (self-catered) will be available for competitors, crews and officials on both the Friday 13th November and Saturday 14th. For those who prefer to stay in more permanent structures, there are plenty of hotels and holiday accommodation between Ulladulla and Batemans Bay. Nelligen is also a good accommodation option.

The event includes some of the best roads in the area, including Western Distributor, Clyde Ridge and Mares Hill Roads in a simple loop that, when done twice, allows the event to offer 114 competitive kilometres with only 40 kilometres of transport.

Looking forward to seeing you there.

  there is NO reason for speeding in any Transport Section.

- Most transport sections are in outlying rural areas so please be aware of local drivers at all times.
- Penalties apply for any breaches.

OH&S ADVICE for Competitors & Service Crews

AMSAG wish to remind you that WorkCover NSW legislation deems a Rally Service Park to be a NSW Workplace.

Therefore, all workplace and OH&S practices that we observe every day in our regular working environment must also be observed and always practiced within the Service Park.

All personnel are asked to assess the risks associated with any practice that they are involved with and take action to minimise the potential injury to themselves and any other personnel.

As the Entrant, you have a Duty of Care for the health and safety of those people who might be affected by the activities of your team whilst at the rally.

These people may include the members of your competing crew, service crew, spectators and the public.

You may be held liable for the damage to property or injury to personnel should suitable assessment and risk minimisation practices not be followed.
Some examples of risks might be:

- The use of electrical power. High voltage cords and appliances should have a current safety Inspection tag, and be used with a tagged safety switch.
- When using jacks or jack stands, use equipment that is suitable for the job, and ensure that the vehicle is at all times properly secured. Getting underneath a vehicle that is only supported by a jack is serious risk, and should never be attempted
- Re-fuelling may be conducted within your own work environment, however, a suitable and approved fire extinguisher should be nearby while refuelling. It is recommended that this extinguisher be manned during the re-fuelling operation. A notice of the danger of the re-fuelling.
- Activity - from mobile phones, heat, cigarettes and other ignition sources – should be erected to warn all personnel not involved with the activity to stay well away.
- To minimise the risk of damage to the environment, a liquid proof ground cover must be beneath the car during all servicing and re-fuelling operations. Be prepared to mop up any liquid spills immediately to avoid contamination of the ground, and report any such contamination to the attending official or Rally Control without delay.
- Personal Safety Clothing should be worn by all personnel to minimise risk or injury. This may Involve clothing with long sleeves, fire proof materials, gloves, ear protection and/or safety Goggles/Glasses.
- Due to the hazards that can be associated to smoking, including the ignition of flammable liquids and gases within the service park, AMSAG strongly discourage smoking by all persons within the service park during the entire event.
- You should consider the risk in all situations, and ensure that you manage all of your activities at the event and be prepared to demonstrate that you have considered these risks and put the appropriate safety measures in place.

4 AMSAG ACCIDENT PROCEDURE

YOUR ATTENTION IS DRAWN TO THE AMSAG ACCIDENT PROCEDURE CONTAINED WITHIN THE "*SOUTHERN CROSS RALLY SERIES DOCUMENTS*".

Please take the time to read and understand our "*AMSAG ACCIDENT PROCEDURE*".

The "*AMSAG ACCIDENT PROCEDURE*" will be provided at the rear (before the back cover) of each event Road Book.

It will contain a form for the First Car on Scene to complete and hand to the Second Car on Scene if Rally Control has NOT been contacted.

---

5 VEHICLE INFORMATION

Please refer to the "*Southern Cross Rally Series Documents*", in particular the following:

- ***5.1 VEHICLE ELIGIBILTY***
  - ***5.1.2 Fuel and Fuel Systems*** with regard to an automatic cut off system.
  - ***5.1.3 Inspection of Vehicles after Serious Incidents***
- ***5.2 SAFETY EQUIPMENT – VEHICLES***
  - **5.2.1 Harnesses**
  - **5.2.3 Roll Cages**
  - **5.2.4 Portable Fire Extinguishers**
  - **5.2.6 UHF Radio**
- ***6.0 CATEGORIES***
  - Please note that each **class** must contain a minimum of 3 competitors to be eligible for a trophy

Supplementary Regulations for this Event:

<u>EXHAUST SYSTEM</u>

- A vehicle with a broken exhaust shall not depart a Start Control until it has been repaired to the satisfaction of the Control Official.

<u>UHF RADIO</u>

- A reminder that ALL vehicles must be fitted with a **<u>HARD WIRED</u>** UHF radio.

  Radios will be checked at Scrutineering and at Rally Start.

  Refer to **"*Southern Cross Rally Series Documents*", 5.2 *SAFETY EQUIPMENT – VEHICLES*** then **5.2.6 UHF Radio.**

  If your radio does not work when you are requested to test it at Rally Start you will not be allowed to start until such time as your radio is fully operational.

  If this occurs, you will then be starting out of "*Seeded Order*" and the appropriate penalty will be applied - refer to "*Southern Cross Rally Series Documents*", 2.8.8 Penalties.

RECOVERING A VEHICLE IN STAGES THAT ARE BEING REUSED

- Prior to **anyone** (Service Crews, Competitors who have retired from the Event etc) entering a stage for any reason, a signed "*Permit To Enter A Stage*" form **MUST** be obtained from the Event Director giving permission to enter a stage AFTER a stage has been swept.
- On arrival at the authorized stage entry point (a stage Start Control, MRC or Finish Control) the Permit is to be given to the event official to show you have permission to enter a stage

NO FORM -- NO ENTRY!

- Before you can enter the stage the Official must contact Rally Control and receive permission to allow you to continue. He will then countersign the form and return it to you.
- When you are leaving the stage you MUST hand the form in to the Official at that location.

Note: For Stages that are NOT being rerun, a FORM is not required.
