Comfort Glaze

DOUBLE GLAZING CONVERSION SOLUTION

Innovation, Not Renovation.

Comfort Glaze converts your existing single-pane windows to double glazing without the mess, waste, and costs of traditional replacement.
A proud Perth-born innovation, built to perform in WA conditions.

THE OLD WAY

Double Glazing Renovation

- ✗ **High Disruption**
Days of worksite debris, dust, open walls, and construction noise.
- ✗ **Hidden Costs**
Requires plastering, painting, and fixing damages caused by the window rip out.
- ✗ **Massive Waste**
Perfectly functional aluminium frames are ripped out and sent straight to landfill.

THE SMART WAY

Comfort Glaze Conversion

- ✓ **1-Hour Installation**
Clean and precise technical install taking approximately one hour per window.
- ✓ **Cost-Effective**
Significant savings on capital outlay with absolutely zero hidden finishing costs.
- ✓ **Sustainable Process**
We use your existing frames, upgrading the tech while minimising environmental impact.

Tailored Solutions, Not Generic Glass.

The biggest misconception is that double glazing is one-size-fits-all. We engineer four distinct solutions designed to solve your specific home frustrations.

thermal

WINTER BLANKET
Prevents wasteful winter heat loss, effectively lowering heating bills.

solar

HEAT SHIELD
Engineered with high-performance Low-E coatings to block harsh summer heat.

whisper

PEACEFUL SANCTUARY
Ultimate acoustic insulated glass and precise air gaps to cut out traffic, neighbour, and aircraft noise.

sanctuary

PRIVACY GUARD
Obscured privacy glass that allows abundant natural light while keeping prying eyes out.

Ready to Convert to Double Glazing? Call (08) 6170 5050 Today.

Start with a free assessment and upgrade to double glazing with your single-glazed window frames.
