Welcome to the 2026 Shamrock Haulage Rally of Bathurst

On behalf of Rally Car Club and our organising team, I Welcome you to the 2026 Shamrock Haulage Rally of Bathurst.

Thankyou Richie Dalton for supporting our event, it's a privilege to have you on board.

Like all Rallies, this event is a culmination of effort from multiple people within the rally community. Thank you to our officials, crews, sponsors & supporters for helping us run the 2026 Shamrock Haulage Rally of Bathurst.

We also acknowledge the assistance we receive from Bathurst, Lithgow & Cabonne Councils along with Forestry Corporation NSW.

We also appreciate the residents allowing us to close roads for the day.

The best shire & forest roads within the region have been chosen to make the event as compact as possible. There is mixture of stages from fast & flowing, tight & technical including different surfaces to challenge every driver and codriver. It's been 8 years since the traditional Sunny Corner Forest has been used and we hope you like what we have selected.

Looking forward to receiving your entry

Yours sincerely,

Ron Moore

7.3 Route Instructions & Pace Notes

The 2026 Shamrock Haulage - Rally of Bathurst is a Pace Noted competition OR a Road Book competition.

Competitors wishing to be eligible for CRS points can ONLY use the Road Book.

Competitors must choose which option they want to contest when they enter the Event. Crews may choose to compete using the event provided roadbook; pace notes they generate for themselves, or safety notes obtained from a 3rd party (which MUST be used for at least one pass of recce prior to the event). Safety notes will be available from Smoothline, a third-party provider, for this Event. Details can be found at this link <https://smoothline.com.au/events/>

The Event is fully route charted. Tulip diagrams will be provided, but the written instructions are to take precedence should any conflict in interpretation be encountered.

No closed gates will be encountered in competitive special stages during the Event only during reconnaissance.

Any crew entered in the 2026 Rally NSW – Clubman Rally Series found with pace notes will be reported to the Stewards. The Stewards may impose a penalty up to and including disqualification from the Event. Pace notes shall be considered as notes in any form, other than the official documents and maps issued or authorised by the Organisers. Observers may be placed along the route to monitor compliance.

7.4 Reconnaissance

Competitors who have entered a competition which is “roadbook only” and are found to be undertaking reconnaissance at any time will be referred to the Motorsport Australia Stewards by way of a formal charge.

The Event reconnaissance period opens and closes as per Article 1: Event Programme. The course will be “open” for reconnaissance ONLY for those competing on pace notes and ONLY for Competitors who have lodged a completed, and paid entry with the Organisers.

Competitors who enter the pace note event will be provided with an electronic version of the roadbook after their entry has been received and may register with the Event Secretary to undertake recce. A form will be emailed to the Competitor, and they must allocate the exact date and times they will be undertaking recce.

Competitors found to be undertaking recce at ‘unregistered’ times will be referred to the Motorsport Australia Stewards by way of a formal charge.

Competitors are reminded that Event Officials may be undertaking stage setup activities on the times set for recce and may be encountered at any point – and may be travelling in the opposing direction.

1. ALL road rules and limits are in force and are to be observed – breaches will be referred to the Motorsport Australia Stewards by way of a formal charge.
2. The maximum speed limit applicable on Special Stages and all other unsealed roads during reconnaissance shall be 60km/h, unless otherwise advised in writing, and all crews are required to strictly adhere to this limit.
3. Residents in the areas are aware of the Event and have been instructed to report any issues to the Clerk of the Course for investigation. We rely on the goodwill of these people to gain access to the roads in this area, and they MUST be treated with respect.
4. During reconnaissance, roads WILL NOT be closed, and crews are reminded that they DO NOT have priority over other road users. Members of the public may also be using these roads and may be travelling in opposing directions.
5. Crews are also reminded that the NSW Road Traffic Act will remain in effect for the duration of reconnaissance and that all road rules must be observed (e.g. complying with advisory signs, obeying speed limits imposed and keeping to the left). Officials may be on the course at any time to police these Regulations.

8 SAFETY OF COMPETITORS

8.1 Non-Injury Stoppage on a Special Stage or Closed Road Section

In the Event of a stoppage by a competitor which requires no medical assistance, the Crew must:

- Immediately place triangles to warn following Crew.
- Place the OK sign (on the rear of the Route Instructions) on the vehicle in such a position that it remains clearly visible to all following Crew.
- If not causing an obstruction, press the OK selection on the Rallysafe unit, if partially blocking the road etc. leave unit in Hazard mode to warn arriving vehicles.
- All Crews stay as close to their vehicle as is safe to do so.
- If able to get the vehicle going, and wish to move it, do not leave the stage via another route – proceed for the full length of the stage, in the correct direction.

8.2 Accident Involving Injury

Any Competitor involved in an accident requiring assistance for a trapped or injured Crew Member should:

- Press the manual SOS selection on the Rallysafe unit – even if it has started an automatic SOS the manual confirmation will help HQ.
- Immediately place triangles to warn following Competitors (unless incapable of doing so).
- Display the SOS (on the rear of the Route Instructions) in a prominent position, visible to the next two Crews.
- After the first two following Crew, display the OK sign (on the rear of the Route Instructions) to the rest of the field.

Any Competitor coming on another Competitor involved in an accident must:

- Stop, if the SOS is displayed or if there is no visible sign displayed and render assistance.
- If appropriate press the manual SOS selection on their Rallysafe unit as confirmation to HQ of the severity of the incident.
- If possible, contact Rally Command by mobile phone or radio, noting car number, cumulative distance to the accident site, and if known, general details of injuries sustained.
- If unable to contact Rally Command, write down the accident details, stop the next Crew and have them proceed immediately to the next SOS point or Special Stage Stop Point with the accident details.
- At the first practical time, fill in an incident report fully detailing the incident, and pass it to the Clerk of the Course, or Control Official.

Failure to comply with these Regulations will result in a report to the Stewards. A penalty can be applied at the discretion of the Stewards up to and including disqualification.

9 REMINDERS

9.1 Retirements

Any crew retiring from the event must submit their road cards to the Stage End Control or the Sweep Car.

An accurate reason for withdrawal and any damage to vehicles or other property must be supplied. An Incident Report must be completed if a Crew or other person sustains any injuries and the organisers may require any crew to complete an Accident Report or other Motorsport Australia forms.

Failure to comply with these conditions may result in competitors being referred to the Stewards who may consider an act as a Breach of Rules in accordance with the NCR and with further reference to these Regulations.

9.2 Behaviour of Service Crews

Crew will be responsible for ensuring that Service vehicles and Crews comply with “Rally Standing Regulations - Events General” document and breaches will be referred to the Stewards who may impose a penalty.

9.3 Re-joining

Re-joining in accordance with the NRSR will be permitted in this event at the discretion of the Clerk of the Course.

If the sweep vehicle catches up to a Crew who would normally be considered ‘out of late time’ the Crew may elect to either:

- withdraw, in which case they cannot participate further in the Event, and must hand in their timecard and withdrawal form; or
- request to re-join at a future point, in which case they must hand their current timecard to the sweep vehicle and proceed to the Service Park Time Control and make application to re-join.

Any Crew, who re-joins the rally in accordance with the above regulations, will have stage results recorded in the results, but will not be classified as a finisher or be eligible for any event awards.

Crew in the Rally of Bathurst Long Event who fail to complete the first heat (if applicable) may rejoin at the start of the second heat and be eligible to earn NSW Rally Series heat points. In this situation the crews “late time” limit will be reset for the second heat
