

**Marlborough Slot Car Club**  
**RTR National Championships 2019**

Hi All

What a great weekend of friendly racing and socialising was had here in Blenheim over the past 2 days at the 2019 RTR National Championships.

Thanks to all who attended, everybody played a part in making this event run smoothly.

The only problem we had was with Race Co-ordinator freezing up a few times which was eventually traced to one racers Difalco hand controller! Really strange!

Thanks to Alan Simpson for his analytical problem solving. The meeting still ran to programme and we were all wrapped up 1 hour before the Social Meal at Speights Ale House where a good evenings banter and postrace chat was had.

Please find attached results for all classes.

Looking forward to next year's event now wherever it may be!

All the best!

Neil Bidwell - Marlborough Slot Car Club
