Die-cast aluminium housing for a more robust design.

Exterior

Our high quality recessed and surface mounted steplights come in a range of shapes and sizes.

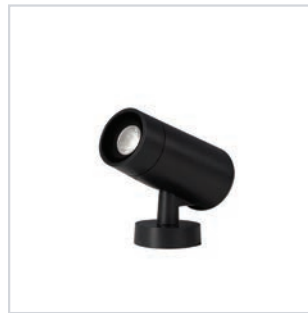

Our downlights have a comprehensive IP65 rating and are designed to make installation easy for different ceiling types. Our recessed downlights are available in three sizes, surface mounted downlights in two sizes including unique wall washer optics.

Decklights
Cento

A range of decklight designs available in powder coated aluminium and stainless steel finish.

Our spotlights come in three sizes with up to 90° tilt angle and multiple accessories for ease of installation including spike, tree strap and concrete anchor.

Uplights
Verne

Our robust uplights come in a solid stainless steel finish, perfect for adding a high end, effortless look to your project.
