

MINISTRY: Food Delivery

ROLE: Food Delivery Driver

Food Relief is a great way to get involved in serving at NewHope - it's a simple task but can reap huge benefits for both the receiver and the volunteer.

We are currently looking for more delivery drivers to drop off food parcels to those shut in. Usually this involves picking up a parcel from our team at reception at NewHope, driving to the client's house, knocking on the door or leaving on the doorstep. Sometimes people like to chat, sometimes they are keen to be discreet.

We often get calls during seasons of lockdown where single parents or the elderly can't leave the home to get food.

If you would like to be involved in the Food Relief program, please contact nhcc@newhope.net.au or click on the "I can help" button on the NewHope.net.au website or the 'Contact Us' page on the NewHopeCare.net.au website

The commitment to be involved is usually a minimum of an hour (pickup the food, drive to the house, drop the food off & maybe have a short conversation) - we try to only lean on our volunteers once a month to do a food delivery.

A current Working With Children's Check is required & a Police Check is required also.

Compliance requirement: Sign code of conduct

To be involved, please contact Phil Gaudion via email: phil.gaudion@newhope.net.au or phone: 9890 7999 if you are interested or have any questions.
