

North West Junior Soccer Association Inc. provides a safe, welcoming and supportive soccer program for children from as young as five years old through to senior primary school.

All primary school aged children of all genders, abilities and backgrounds are welcome to take part in the program. We are committed to making soccer financially accessible and ensuring costs are never a barrier for children and their families to participate.

Our program is built around fun, friendship and confidence building, helping children learn soccer skills while enjoying being active and part of a team. We focus on participation and positive experiences, not winning or losing, so every child feels valued and included. The association is a non-competitive until the players reach their senior primary school years.
