

Under 11 Dennis Price Knockout Cup Competition

The cup competition is a knock-out tournament. The teams for Round 1 will be drawn randomly by the Association and will be played in order of draw.

When Round 2 does not have the correct number of teams for the knockout format e.g. 16, 8, then the positions will be filled by teams with the smallest losing margin from Round 1. If there are more teams than required on equal losing margin, the required teams will be drawn randomly by the Association and will be played in order of draw.

In knockout cup competition players become cup tied. Once a player has been named on the team sheet in the cup competition, that player is locked into that team for cup games only. A player can only move up to a higher age group and the player will then become locked in that team. The player cannot move to another cup team in the same age group and if the player goes up to a higher age group for their cup game that player cannot go back down to the lower age group for cup games.

The minimum number of players to commence the game is 6 players.

Games consist of two fifteen-minute halves. In the event of a draw at full time, 5 minutes each way extra time shall be played on a "golden goal" basis, i.e., the match will conclude when the first goal is scored in extra time.

Cup game times are not to be shortened; if early games go to extra time, then later games may start late this is only for Cup Games.

Corners will be counted during the entire game, including extra time. In the event of a draw after extra time, the team receiving the greatest number of corners throughout the match including extra time will be declared the winner.

If corners are equal the team scoring the first goal will be declared the winner. If no goals are scored the team receiving the first corner will be declared the winner. If there are no corners the winner will be selected from the toss of a coin between the coaches, the coach of the first team named will call the toss.

The final game will consist of two twenty-minute halves.

Corners will not be counted during the cup final. In the event of a draw after extra time, the trophy will be shared (alphabetically).

All players must be registered for the current season, if you do not have a registration number for each player contact the association.

Players must have played for the cup team prior to the semi-final in order to be eligible to play in the semi-final or final of the knockout cup competition.

No newly registered players can play in a semi-final or final.

All teams knocked out of the draw will play friendly games during the next Cup Rounds.
