Yearling Sales Report

Horse: **Ohoka Conner – Bay Stb Colt; Sunshine Beach X Idolise**
Brand: **190947**
Lot: **371**
Vendor: **Millwood Farm, Ohoka**

Date of Examination: **12 February 2021**

The above horse was examined on the 12 February 2021 for swelling on the dorsal aspect of the left hind fetlock. On examination, a soft swelling on the front of the left hind fetlock was found. No joint effusion (increase in joint fluid) was present, only a soft tissue swelling over the front of the joint. There was no heat, pain on palpation or flexion and no associated lameness.

Radiographs were taken and no abnormalities were found. I feel this swelling is of low clinical significance.

If you have any further questions or concerns, please do not hesitate to contact me.

Kind regards,

Lindsay Colwell
