

Buy Local Policy

Supporting Central Australia & Barkly Region for 26 Years.

Our Town & Country Office National has acknowledged the importance of supporting each other locally to ensure that Alice Springs maintains the positive thriving community that it has always been.

Commitment to Central Australia

Our Town & Country Office National understands the importance of local support and has developed a policy to show commitment to the Territory “Buy Local Plan”.

Employing Centralian People

By employing local people, Our Town & Country Office National can be assured that a significant amount of the wages and salary expenses will be reinvested into the community by way of accommodation, shopping, and social recreational activities.

Buy Local First

Our Town & Country Office National has a “buy local first” policy whereby local suppliers are given priority to offer goods and services whenever possible. We recognise quality service, fair pricing, and local support to be major contributing factors when working with other local businesses.

Supporting the Community

Our Town & Country Office National understands the importance of “giving back” to the community by way of donations, sponsorship, and community participation. Employees are encouraged to actively partake in local events. We are strongly committed to community contribution by way of supply, service, donations, and funding.
