

CREATE AN OPEN COMMUNITY PROJECT

WHAT IS AN OPEN COMMUNITY PROJECT?

- An open community project allows for anyone or any group of people to start a fundraising sub-project which contributes to your larger “parent” campaign.
- This is a great way to set up a project if you have multiple clubs, teams or individuals working towards a single goal as it allows them advocacy of their fundraising efforts while still contributing to a central pool of funds.
- Each club, team or individual can set up their own fundraising page and add their own images. This can be beneficial if the donor has a connection with that person/club/team rather than the larger project.

Note: These funds will be granted to the entity and nominated bank account that holds the parent project and thus acquittal and governance of those funds will also fall onto that entity. You will however, be able to access a report that shows the breakdown of funds for each sub-project.

ABOUT THE PROJECT

Valley Aquatic Club is a family-orientated club that caters for all levels of swimming from beginners, development squads and representative swimmers. We believe that children achieve their best results in a supportive and caring environment and encourage swimmers through motivation, diligence and friendship.

Due to the events of 2020, unfortunately, our swimming carnival, which is our major fundraiser for the club, had to be cancelled. Our members are excited too finally be back in the water and are setting their own challenges for the month of August. In consultation with our coaches, each member will set their goals as too how far they can swim this month.

Our collective goal is to raise funds to help cover operational costs for club, equipment and presentations.

You can donate here to the team as a whole or donate to an individual swimmer by using one of the team member links below.

Through Valley Aquatic Clubs' fundraising partnership with the Sports Foundation, donations of \$2 or more are tax deductible. We really appreciate your assistance and thank you in advance for your help.

HOW TO SET IT UP

1. From the Australian Sports Foundation website select [Login](#) and enter your portal username and password.

2. Once on the portal homepage select **Launch a Fundraising Campaign**.

3. A dialogue box will appear, enter the basic details of your project. Click **Next**.

- Be sure not to use any special characters.
(eg. !@#\$%*&)

- People impacted will be 1 (the athlete).

- Project names are most effective when they include the athlete's name

Next

4. You will be asked to select your project type. Select **Standard**.

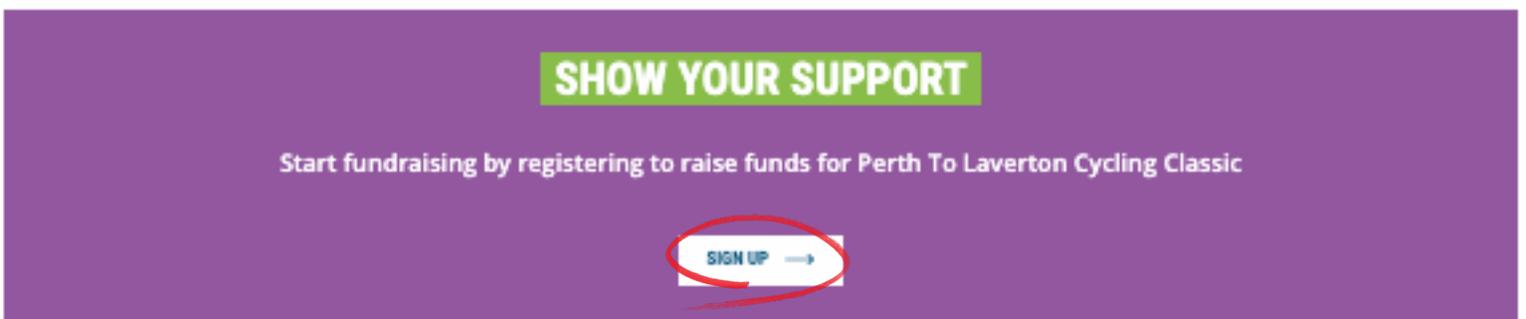

5. Select your page style (Beginner, Semi-pro or Superstar). For more info see this full [guide](#).

6. Select Edit in the top right-hand corner to add project details and images to your project. See the full guide for more information on each field.

7. Once you have submitted your project, contact your Sports Partnership Manager or email info@sportsfoundation.org.au requesting that your project be changed to **Community**.

8. Once the project is completed, anyone can go onto the project page via the public link and scroll to the bottom under "Show your support" and select "sign up".

9. Once completed, it will generate a unique URL that can be distributed to their own sporting community and friends.
