

OAKLANDS CROSSING GRADE SEPARATION

SUPPORTING LOCAL BUSINESSES

DECEMBER 2018

The Oaklands Crossing Grade Separation project would like to wish the community a safe holiday season and a happy New Year.

We have been in major construction for six months and the project site is looking different day by day with the new station starting to take form. We have reached key milestones including completion of the western side of the Morphett Road bridge and the installation of the pedestrian and cyclist bridge. You can read about more detailed project works in the December Newsletter on the website.

Most works will finish on Friday, 21 December 2018 for a two-week break. Some critical activities such as station works and rail corridor excavation will take place from Thursday, 27 December 2018 and the project team will continue to be contactable 24/7 for any queries.

The project team is working hard to minimise construction impacts and has teamed up with businesses near the project to provide special offers.

Read on to discover or rediscover local businesses, take advantage of their holiday offers and support the growth and success of the local business network.
