

OAKLANDS CROSSING GRADE SEPARATION

SUPPORT LOCAL BUSINESSES

OCTOBER 2018

Major works to deliver the Oaklands Crossing Grade Separation project have now been underway for a few months and the project site is incredibly busy with multiple construction crews, traffic management and an increase of heavy vehicle movement.

It is important to recognise that local businesses remain open, and require the ongoing support of the community. The project team is working hard to minimise construction impacts and has teamed up with businesses near the project zone to share their services and special offers.

Read our newsletter to discover what is in your local area and continue to support the growth and success of the local business network.
