

Web Developer

Tattarang is one of Australia's largest private investment groups and is owned by the Forrest family. Our investment portfolio spans across agri-food, energy, resources, property, hospitality, sport and entertainment. The group is made up of six business divisions: Fiveight, Harvest Road, SFM Marine, Squadron Energy, Wyloo Metals and Z1Z. We believe in investing for growth and pursue opportunities in both the listed and unlisted space with a long-term investment horizon.

About the role

You will be a part of the amazing Tattarang Communications team, which is part of the wider External Affairs team. Working closely with the Commercial Communications Manager, Web and Digital Manager and Lead Web Developer this role is responsible for delivering and maintaining websites and cloud-based tools. You will be working in a team to maintain and build a growing portfolio of websites. You will focus on providing elegant solutions through research and creative problem solving to uphold quality standards in code and site usability.

About you

You will have 5+ years of professional web development experience. Experience using PHP, JavaScript and CSS platforms. Full stack, MySQL, jQuery, React, SCSS experience is desirable. Code Version control experience, preferably with Git. WordPress plugin and Gutenberg block development backed with strong PHP coding skills highly desirable. You need to have a zealous attention to detail and ability to practice discretion, judgement, and confidentiality with sensitive information.

Next Steps

Please attach your resume and a short paragraph highlighting your relevant expertise.

Tattarang and Minderoo Foundation embraces Equal Opportunity and promotes diversity. We actively encourage Aboriginal & Torres Strait Islanders, people of all backgrounds, ages, sexual orientation, and those with Disability to apply.
