Why choose The Gordon?

As one of Victoria's largest regional TAFEs, The Gordon has been helping people gain real skills for real jobs for 130 years.

Real skills.

We focus on **practical training**; less theory, more experience.

We have a widely known **reputation for quality**, trusted in Australia and overseas.

Real experience.

We offer **international study tours** to broaden your experience and give you the chance to make contacts overseas.

Small class sizes and more contact hours means lots of face-to-face time with your teachers, and less time required for independent study at home.

Real outcomes.

Our diplomas and advanced diplomas can give you **credits and guaranteed pathways** into degrees at other universities and TAFEs.

A high graduate employment rate and strong industry connections means you have a good chance of gaining employment when you finish your studies.

Our teachers are industry-trained professionals who love their work, and pass their passion onto their students.

“ Despite this industry being physically and mentally demanding, I was drawn to this challenging yet fulfilling career path. I have gained an understanding of the work carried out in the electrical trade and the different career paths. The training has prepared me mentally for the workload trade school will have and has shown me early on that the trade was suited to me. ”

Peter Rotiroti

Certificate II in Electrotechnology Studies (Pre-vocational)

Work placements and projects form a large part of our course content, giving you the practical experience you need to be confident when you enter the workforce.

“ The VET Delivered to Secondary Students engineering course taught me so much in such little time. I have gained confidence in myself in trying new things. My training has also taught me life skills of connecting with people who I would not normally converse with. My training at The Gordon will give me a head start over others who haven't yet had experience in the engineering industry. ”

William Rowe

Certificate II in Engineering Studies (Mechanical)

Our student satisfaction and employment outcomes remain above state and national benchmarks. So our students enjoy their study experience and get jobs!

Source: 2016 NCVET student outcomes survey.

“ Studying a VET course allowed me to complete learning that was directly linked to my pathway goal. It also helped me approach all of my subjects at school with the same attitude, understanding that all learning has value. ”

Annie-Jayne Beckley

Certificate II in Building and Construction (Painting and Decorating) Pre-apprenticeship

What is VET Delivered to Secondary Students?

VET Delivered to Secondary Students (VETDSS) allows you to combine your senior secondary studies with a Vocational Education and Training (VET) program. The Gordon has delivered VETDSS programs for more than 20 years, with more than 1,000 students from 78 secondary colleges participating each year.

How does it work?

You can undertake a VETDSS program alongside your:

- VCE, or
- VCAL

VETDSS programs are run over one or two years, which you complete during Years 10, 11 and/or 12 depending on when you start

Programs are generally conducted on a Wednesday or Friday afternoon/early evening during term from February to November. Some programs may require attendance during school holiday periods, particularly for the Structured work placement (SWP) component.

What are the benefits?

VETDSS is a unique opportunity for you to experience a career you may be considering.

As a result, you can:

- Contribute to the eligibility requirements for VCE or VCAL.
- Contribute to your ATAR score.
- Develop 'job ready' skills and experience in your chosen industry.
- Receive a nationally accredited qualification.
- Achieve a pathway and credits towards higher level courses.
- Gain credit into apprenticeships and possibly reduce the duration of an apprenticeship.

Guaranteed pathways

The Gordon offers guaranteed places from 20 VETDSS programs into higher level pathway courses at The Gordon. So if you successfully complete an eligible VETDSS course through The Gordon, you can be sure to gain a place in a pathway course - giving you more certainty and less stress when it comes to your study choices after secondary school.

Contribution to VCE and VCAL

Every VETDSS program provides a certain amount of credit towards your VCE and VCAL.

VCE

It may contribute up to 13 of the 16 units required for satisfactory completion of VCE, and many of the programs have scored assessment which can be counted within your 'primary four' studies for calculation of your ATAR. Others may provide for one ATAR increment; calculated as ten per cent of the lowest study score of the primary four – a 10 per cent bonus to your ATAR score!

VCAL

Contribution to VCAL is determined by the number of units successfully completed. When you have been assessed as competent in units totalling 100 nominal hours, this will contribute one VCAL unit towards satisfactory completion of VCAL. This program will satisfy learning outcomes for the Industry Specific Skills and Work Related Skills strands of VCAL at the Foundation, Intermediate or Senior levels.

We recommend you speak with your VET Coordinator and your year level coordinator about the combination of subject selections including a VETDSS program, and the credits it provides toward VCE or VCAL.

Structured Work Placement (SWP)

Real life training and experience is a beneficial part of VETDSS. Each program has either mandatory or recommended SWP, which varies between 10 – 20 days over the duration of the program.

This is most commonly arranged during term holidays, and your secondary college will work in conjunction with workplace agencies to coordinate the SWP on your behalf.

You are only eligible to undertake SWP after you have successfully completed all mandatory occupational health and safety requirements of your VETDSS program.

How do I get the most out of VET Delivered to Secondary Students?

Here are some tips from previous VETDSS students:

- Be enthusiastic and motivated.
- You need to be organised and manage your time.
- Be willing to make sacrifices i.e. undertaking work placement during holiday times.
- Be flexible and open to new approaches – the training is different to what you will be used to, and the teachers are the same as those who teach apprentices.
- You will need good communication skills.
- Be willing to make new friends – students in the program will come from many schools in Geelong, Werribee and Colac/Otway regions.
- Ensure you work out the balance of VCE/VCAL study, your VETDSS program, work placement, part-time work and sport and social commitment.

Did you know?

Many students who do work placement are offered ongoing employment by their host employer.

Our training locations

Depending on your school and the program you choose, you may attend one of the following training venues or an alternate school location.

Geelong

Geelong City

Located on the edge of Geelong CBD and opposite the Geelong Railway Station, our Geelong City Campus is home to The Gordon's first building built in 1887 (now the Davidson Restaurant). You may study here if you choose a course in:

- Art and Design
- Business
- Community Services and Early Childhood
- Health and Science
- Events, Hospitality and Tourism
- Hair, Beauty and Make-up

East Geelong

Our East Geelong Campus is one of Geelong's best kept secrets and home to our state-of-the-art trade training facilities. You may study here if you choose a course in:

- Animal Care
- Automotive
- Construction and Licensed Trades (Electrotechnology, Plumbing)
- Engineering and Metal Trades
- Information Technology

Wyndham

With two campuses in Wyndham, you now have even more choice on where to complete your course. Each location features state-of-the-art training facilities and equipment for specific industries. We also deliver at a number of partner locations in the Wyndham area.

- **Werribee Campus**
Watton St (Allied Health)
- **Hoppers Crossing Trades Centre**
Old Geelong Road (Plumbing)
- **Manor Lakes P-12 College**
(Animal Studies)
- **The Grange P12 College**
(Automotive and Make-up)
- **Thomas Carr College** (Bricklaying, Carpentry, Furniture Making)
- **Wyndham Central College**
(Electrotechnology and Plumbing)

Colac

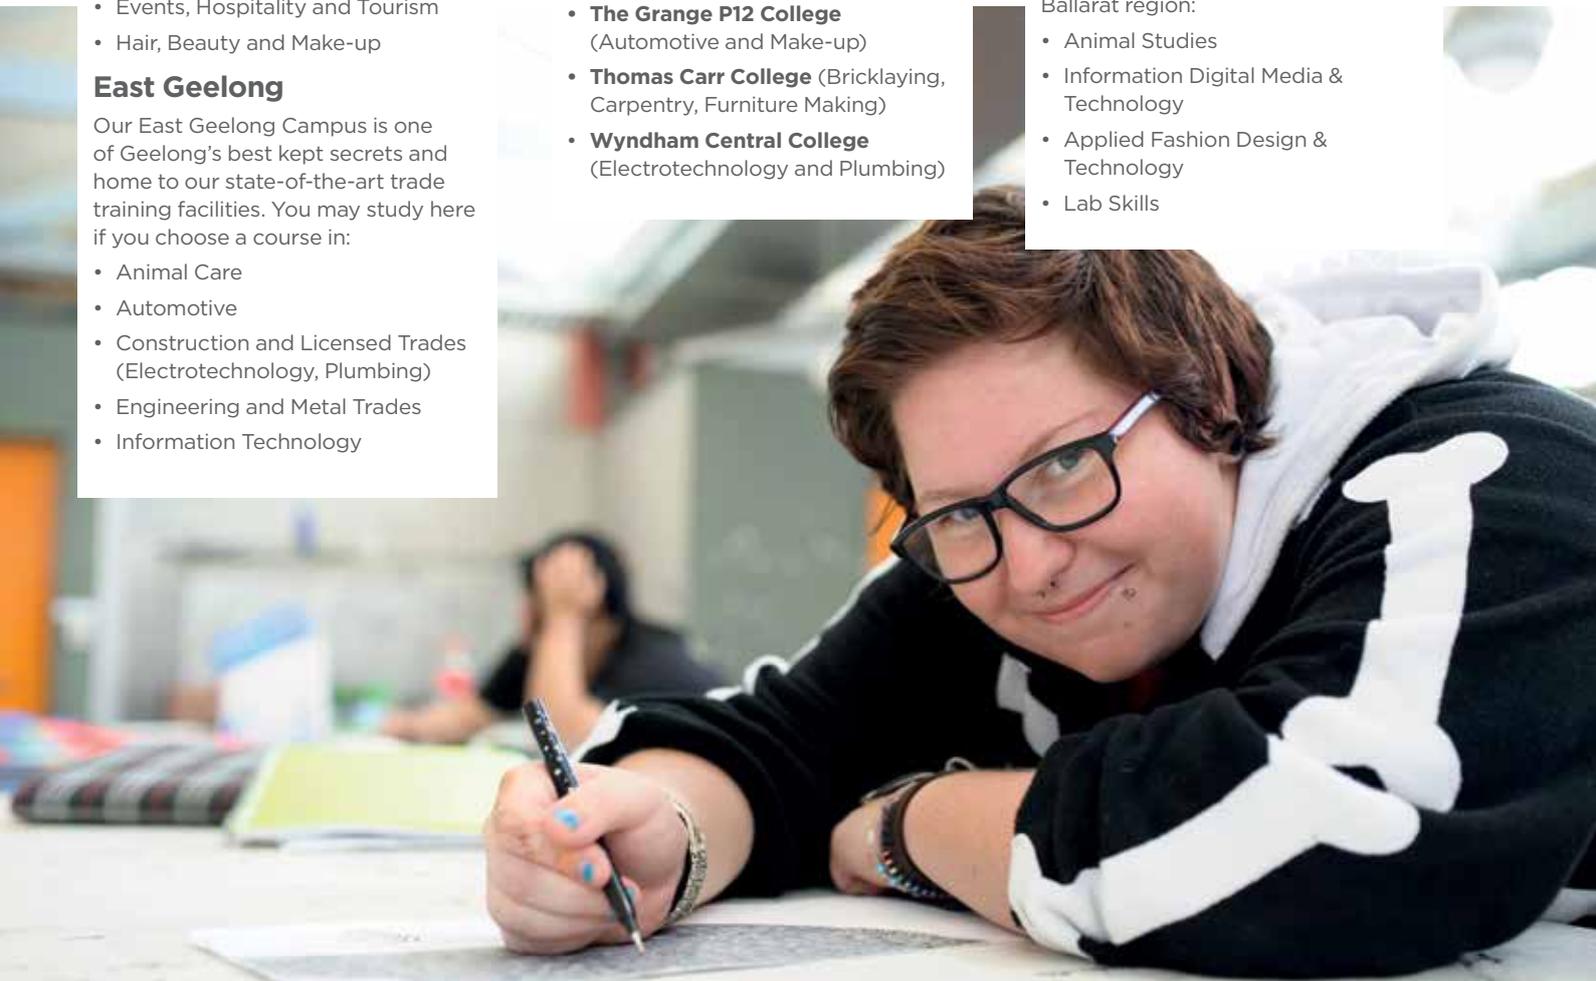

The Colac Trade Training is located at Colac Secondary College, and is equipped with specialist facilities and equipment for training in:

- Automotive
- Carpentry
- Kitchen Operations

Ballarat

VETDSS courses are delivered across multiple partner locations in the Ballarat region:

- Animal Studies
- Information Digital Media & Technology
- Applied Fashion Design & Technology
- Lab Skills

Frequently asked questions

1. Is VET Delivered to Secondary Students an extra program on top of my VCE/VCAL studies?

No. Your VETDSS program is part of your VCE or VCAL and will be one of your elective choices. For example, selecting VET in Applied Fashion Design during Year 10, Year 11 and/or Year 12 will give you four units at Level 1-2, and a unit 3-4 sequence towards your VCE, a 10% ATAR increment, plus a nationally recognised Certificate II in Applied Fashion Design and Technology.

2. How will I be assessed for my VET Delivered to Secondary Students studies?

Your teachers will use a range of assessment tasks to ensure you have achieved competency, e.g. written tests, skills demonstration, and workplace assessment. In some programs such as hospitality, Scored Assessment is available i.e. you are assessed like any other VCE subject at 3 – 4 level.

3. What if I change my mind about this career path and drop out?

- You will receive a Statement of Attainment for completed modules/units, many of which are relevant to a range of courses.

4. How will I fit Structured Work Placement into my schedule?

Most work placements occur in term holidays. Special arrangements may be possible during term e.g. one day a week, particularly for VCAL students.

5. Will my part-time job count for structured workplace learning?

It can, but it needs to relate specifically to the required competencies of your program. Talk to your VET Coordinator for advice.

6. When do I have to make a decision about doing a VET Delivered to Secondary Students program?

There are a series of taster programs and information briefings conducted in Geelong and Colac in July and you will then apply as part of your VCE/VCAL selection.

7. Does a VET Delivered to Secondary Students program help me if I want to go on to further study?

Yes, more than half of students go on to TAFE and/or university. The subjects you do in your VETDSS program may also give you credits and guaranteed pathways to other courses.

8. Do I have to select compatible VCE/VCAL subjects that relate to my VET program?

It depends. Consult the VET Coordinator from your secondary college for recommendations.

9. How do I decide if I should do a VET Delivered to Secondary Students program?

- Speak with your VET Coordinator and careers teacher at school.
- Talk to family or friends who work in the field you are considering.
- Participate in a taster program.

If after all that, you decide you want to do a VETDSS program, then see your VET Coordinator and complete the application process.

PARTIAL QUALIFICATION

HLT33015

Certificate III in Allied Health Assistance

Duration
2 years

Training location
Geelong City, Wyndham

Structured work placement
Mandatory

VCE
Scored Assessed Program

Program description

This course provides you with foundation skills and knowledge to work in Allied Health Industries under the supervision of a qualified Allied Health professional.

Program content

This program consists of 10 units that cover the following topics:

- Communicate and work in health or community services
- Comply with infection and prevention control policies and procedures
- Participate in Workplace Health and Safety
- Recognise healthy body systems
- Interpret and apply medical terminology appropriately
- Assist with movement
- Organise personal work priorities and development
- Maintain high standard service
- Respond effectively to behaviours of concern
- Take clinical measurements.

Contribution to VCE

Upon successful completion of the program, you may be eligible for up to one unit at 1-2 level and a minimum of three units at 3-4 level, together with an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken). You also have the option to undertake Scored Assessment and the study score can be fully counted as one of your best four studies for ATAR purposes, or will count as a fifth or sixth study increment if not one of your four highest scores.

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Upon successful completion, you will be prepared for further training to establish your career a range of health fields. This course has pathways, and possible credit, into further study in allied health, remedial massage and nursing.

- Patient Services Assistant
- Therapy Assistant. Eg: Physiotherapy, Occupational Therapy, Speech Pathology, Community Rehabilitation.

The need-to-know stuff:

Structured work placement

Work placement is mandatory for assessments within this program. Work placement may occur during the term holidays.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Tuition fees

Refer to secondary college for confirmation of tuition fees.

Ancillary fees

Ancillary fees payable to your secondary college for 2020 are:

- First year \$130
- Second year \$175

Fees may be subject to change.

Additional purchases

There are currently no additional items to purchase for this program.

Any changes will be communicated to your secondary college and provided to successful applicants.

Further study options

 = guaranteed place

FULL QUALIFICATION

ACM20117

Certificate II in Animal Studies

Duration
2 years

Training location
East Geelong, Wyndham, Ballarat

Structured work placement
Recommended

Program description

This course will equip you with skills and knowledge to care for animals in a range of environments. Major areas of study include working in the animal care industry, assisting with general care of animals, first aid for animals, veterinary reception duties, daily clinic routine and assisting with surgery preparations. The course will also develop your skills to provide information on animal welfare products and services to the public.

Program content

This program consists of a minimum of 12 units that cover the following topics:

- Work in the animal care industry
- Participate in workplace communications
- Complete animal care hygiene routines
- Feed and water animals
- Participate in environmentally sustainable work practices
- Provide reception services for an animal care facility
- Provide information on companion animals, products and services
- Assist in the health care of animals
- Provide basic first aid for animals
- Provide basic care of mammals
- Provide basic care of domestic cats
- Participate in workplace health and safety processes.

Contribution to VCE

Upon successful completion of the program, you will be eligible for two units at 1 - 2 level, a unit 3 - 4 sequence and an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken). NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Upon **successful completion** of this program, you can receive a **guaranteed place** into ACM30117 Certificate III in Animal Studies or ACM30417 Certificate III in Companion Animal Services at The Gordon.

Successful completion of this program can also lead you to a range of entry-level employment opportunities. This may be in veterinary clinics, animal shelters, pet shops, companion animal services or animal training whilst under the direction and supervision of a qualified instructor.

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Tuition fees

Refer to secondary college for confirmation of tuition fees.

Ancillary fees

Ancillary fees payable to your secondary college for 2020 are:

- First year \$205
- Second year \$215

Fees may be subject to change.

Additional purchases

There are currently no additional items to purchase for this program.

Any changes will be communicated to your secondary college and provided with letters sent to successful applicants.

Further study options

= guaranteed place

FULL QUALIFICATION

MST20616

Certificate II in Applied Fashion Design and Technology

Duration
2 years

Training location
Geelong City, Ballarat

Structured work placement
Recommended

Program description

This course provides you with an excellent introduction to fashion design and related industries, covering basic knowledge and skills in pattern making, garment design and garment construction for the creation of your own items.

Program content

This program consists of 13 units that cover the following topics:

- Apply quality standards
- Use a sewing machine for fashion design
- Draw and interpret a basic sketch
- Sew components, complex tasks
- Identify design process for fashion designs
- Operate computing technology in a TCF workplace
- Modify patterns to create basic styles
- Participate in environmentally sustainable work practices
- Work Safely
- Produce a simple textile fabric or product
- Work in a team
- Design and produce simple garments
- Produce a simple garment.

Contribution to VCE

Upon successful completion of the program, you are eligible to apply for up to four units at 1-2 level, a unit 3-4 sequence, and an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken).

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Upon **successful completion** of this program through The Gordon, you can receive a **guaranteed place** into MST50116 Diploma of Applied Fashion Design and Merchandising at The Gordon.

Successful completion of this program can also lead you to a range of entry-level employment opportunities in the clothing industry, within small businesses as well as larger design and/or clothing manufacturers.

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Refer to secondary college for confirmation of tuition fees.

Ancillary fees

Ancillary fees payable to your secondary college for 2020 are:

- First year \$370
- Second year \$370

Fees may be subject to change.

Additional purchases

This program requires the purchase of additional items, which remain the property of the student.

Details of these items will be provided to successful applicants.

Further study options

= guaranteed place

AUR20716

Certificate II in Automotive Vocational Preparation “Motor Mechanics”

Duration
2 years

Training location
East Geelong, Colac, Wyndham

Structured work placement
Recommended

Program description

This course will equip you with broad automotive knowledge as well as entry-level skills in motor mechanics, so that you are ‘work ready’ and prepared for employment as an apprentice in the automotive or associated industries.

Program content

This program consists of 16 units that cover the following topics:

- Follow environmental and sustainability best practice in an automotive workplace
- Follow safe working practices in an automotive workplace
- Identify automotive electrical systems and components
- Identify automotive mechanical systems and components
- Use and maintain tools and equipment
- Remove and refit vehicle batteries
- Dismantle and assemble single cylinder four-stroke petrol engines
- Remove and replace wheel and tyre assemblies
- Communicate effectively in an automotive workplace
- Resolve routine problems in an automotive workplace
- Carry out basic vehicle servicing operations
- Remove and replace brake assemblies
- Remove and replace radiators
- Remove and replace vehicle front suspension springs

- Remove and replace steering assemblies
- Clean vehicles.

Contribution to VCE

Upon successful completion of the program, you will receive two units at 1-2 level, a unit 3-4 sequence, and an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken). NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Successful completion of this program prepares you with a solid foundation of practical skills required to successfully gain an apprenticeship in the automotive industry in repair, service and retail sectors. It can also provide credit towards an apprenticeship qualification. School-based apprenticeships and traineeships may also be available in addition to entry-level employment.

The need-to-know stuff:

Structured work placement

A minimum of 10 days’ work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Tuition fees

Refer to secondary college for confirmation of tuition fees.

22338VIC

Certificate II in Building and Construction (Bricklaying) Pre-Apprenticeship

Duration
2 years

Training location
East Geelong, Wyndham

Structured work placement
Recommended

Program description

This course will equip you with the basic skills and knowledge to enter the bricklaying industry or other building trades, and is designed to enhance your apprenticeship prospects. The course provides an introduction to the industry, specific trade skills including the use of hand and power tools, and also the requirements of occupational health and safety procedures within the industry.

Program content

This program consists of 15 units that cover the following topics:

- Apply OHS requirements policies and procedures in the construction industry
- Prepare to work safely in the construction industry
- Identify and handle bricklaying tools and equipment
- Conduct workplace communications
- Work effectively and sustainably in the construction industry
- Provide basic emergency life support
- Apply basic levelling procedures
- Apply basic bricklaying techniques
- Erect and safely use working platforms
- Prepare for work in the building and construction industry
- Interpret and apply basic plans and drawings
- Carry out measurements and calculations

- Apply brick veneer construction techniques
- Apply cavity brick construction techniques
- Apply masonry blockwork techniques.

Contribution to VCE

Upon successful completion of the program, you will receive up to five units at 1–2 level, a unit 3–4 sequence, and an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken).

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

The direct career pathway from this program is into a full-time apprenticeship in bricklaying or an associated building trade.

Other career pathways within the construction industry could include: site supervisor, building administration, estimation and building inspection.

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Tuition fees

Refer to secondary college for confirmation of tuition fees.

Ancillary fees

Ancillary fees payable to your secondary college for 2020 are:

- First year \$383
- Second year \$140

Fees may be subject to change.

East Geelong, Colac, Wyndham

Structured work placement
Recommended

Program description

This course will equip you with the basic skills and knowledge to enter the carpentry industry or other building trades, and is designed to enhance your apprenticeship prospects. The course provides an introduction to the industry, specific trade skills including the use of hand and power tools, and also the requirements of occupational health and safety procedures within the industry.

Program content

This program consists of a minimum of 20 units that cover the following topics:

- Apply OHS requirements policies and procedures in the construction industry
- Prepare to work safely in the construction industry
- Identify and handle carpentry tools and equipment
- Carry out measurements and calculations
- Conduct workplace communications
- Work effectively and sustainably in the construction industry
- Provide basic emergency life support
- Apply basic levelling procedures
- Perform basic setting out
- Construct basic formwork for concrete
- Interpret and apply basic plans and drawings
- Construct basic sub-floor
- Construct basic wall frames

- Install basic window and door frames
- Install basic external cladding
- Install interior fixings
- Erect and safely use working platforms
- Construct a basic roof frame
- Carry out basic demolition of timber structures
- Prepare for work in the building industry.

Contribution to VCE

Upon successful completion of the program, you will receive up to five units at 1-2 level, a unit 3-4 sequence, and an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken).

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

The direct career pathway from this program is into a full-time apprenticeship in carpentry or an associated building trade.

Other career pathways within the construction industry could include: site supervisor, building administration, estimation, building inspection, and drafting (architectural).

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Tuition fees

Refer to secondary college for confirmation of tuition fees.

Ancillary fees

Ancillary fees payable to your secondary college for 2020 are:

- First year \$403
- Second year \$170

Fees may be subject to change.

Additional purchases

This program requires the purchase of additional items, which remain the property of the student.

Details of these items will be provided to successful applicants.

Scored Assessed Program

Program description

This course will assist you to develop a broad range of business skills and knowledge, and prepare you for work in a variety of business environments. It covers core skills in business innovation, critical and creative thinking, self-awareness, MoneySmart, customer service, administration and business processes, as well as team work and time management that could be used in a variety of small or large businesses. In Geelong if you commence Small Business in Year 10 you can undertake a 3 year program and complete Certificate II in Small Business and Certificate III in Business.

Program content

This program consists of 12 units that cover the following topics:

- Apply knowledge of WHS legislation in the workplace
- Be MoneySmart
- Develop and extend critical and creative thinking skills
- Contribute to workplace innovation
- Develop self-awareness
- Promote innovation in a team environment
- Support continuous improvement systems and processes
- Deliver and monitor a service to customers
- Organise workplace information
- Design and produce business documents

- Recommend products and services
- Organise personal work priorities and development.

Contribution to VCE

Upon successful completion of the program, you will receive four units at 1-2 level and a unit 3-4 sequence. You will have the option to undertake Scored Assessment and the study score can be fully counted as one of your best four studies for ATAR purposes, or will count as a fifth or sixth study increment, if not one of your four highest scores.

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

This qualification provides you with a broad range of knowledge and skills to pursue a career or further training in business. The course also provides a pathway for students who wish to continue with their business studies at a higher level.

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Certificate II in Civil Construction

Duration
2 years

Training location
East Geelong

Structured work placement
Recommended

Program description

This course will prepare you with the core skills and knowledge to work in an operational role within the civil construction industry. You will learn a range of hands-on construction techniques, as well as theoretical and safety knowledge to prepare you for working in the industry.

Program content

This program consists of 17 units that cover the following topics:

- Plan and organise work
- Carry out measurements and calculations
- Read and interpret plans and specifications
- Carry out manual excavation
- Communicate in the workplace
- Work safely and follow WHS policies and procedures
- Use hand and power tools
- Work safely in the construction industry
- Identify, locate and protect underground services
- Spread and compact materials manually
- Operate small plant and equipment
- Carry out concrete works
- Lay pipes
- Control traffic with stop-slow bat
- Carry out basic levelling
- Drain and dewater civil construction site
- Support plant operations.

Contribution to VCE

Upon successful completion of the program, you will receive recognition of up to three units at Units 1 and 2 level and a Units 3 and 4 sequence.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Successful completion of this program prepares you with a solid foundation of practical skills required to successfully gain an apprenticeship in the civil construction industry.

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

VCE

Scored Assessed Program

Program description

This course will equip you with entry-level skills and knowledge for employment or further study in the community services sector. The program covers areas such as communication, occupational health and safety, first aid, casework, and needs identification.

Program content

This program consists of 13 units that cover the following topics:

- Organise and complete daily work activities
- Provide first point of contact
- Communicate and work in health or community services
- Work with diverse people
- Participate in workplace health and safety
- Provide first aid
- Promote Aboriginal & Torres Strait Islander cultural safety
- Manage personal stressors in the work environment
- Use communication to build relationships
- Follow Safe work practices for direct client care
- Respond to client needs
- Work within a community development framework
- Implement participation and engagement strategies.

Contribution to VCE

Upon successful completion of the program, you will receive up to three units at 1-2 level (depending on the electives chosen) and two units at 3-4 level. You also have the option to undertake Scored Assessment and the study score can be fully counted as one of your best four studies for ATAR purposes, or will count as a fifth or sixth study increment if not one of your four highest scores.

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Upon successful completion of the first year, you will receive a full Certificate II qualification and the full Certificate III qualification after the second year. You may choose to go on to further study in youth work/community services, disability or aged care.

You may also gain access to a range of entry-level employment opportunities within the following fields: youth work, aged care work, disability services and community development. School-based apprenticeships and traineeships may also be available in addition to entry-level employment.

The need-to-know stuff:

Structured work placement

Work placement is mandatory for assessments within this program. Work placement may occur during the term holidays.

Selection requirements

Applicants must have successfully completed Year 10 to be eligible to undertake this program.

PARTIAL QUALIFICATION

CHC30113

Certificate III in Early Childhood Education and Care

Duration
2 years

Training location
Geelong City, Hobsons Bay

Structured work placement
Mandatory

Program description

This course will equip you with the skills and knowledge to enter the early childhood sector as a trained assistant. The program encompasses health, education and sociological aspects to prepare you for work in a range of environments. During the program you'll learn how to use organisational policies, procedures and individual children's profiles to plan activities and provide care to children, facilitating their leisure and play and enabling them to achieve their developmental outcomes as required under the national framework.

Program content

This program consists of 12 units that cover the following topics:

- Ensure the health and safety of children
- Provide care for children
- Develop positive and respectful relationships with children
- Work legally and ethically
- Provide an emergency first aid response in an education and care setting
- Use an approved learning framework to guide practice
- Identify and respond to children and young people at risk
- Promote Aboriginal and/or Torres Strait Islander cultural safety
- Develop cultural competence
- Promote and provide healthy food and drinks.

- Participate in workplace health and safety
- Support children to connect with their world.

Contribution to VCE

Upon successful completion of the program, you are eligible for two unit 1-2 sequences and two unit 3-4 sequences. You may receive one ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken), however this will depend on your final subject selections.

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Upon **successful completion** of this program through The Gordon, you will receive a **guaranteed place** into CHC30113 Certificate III in Early Childhood Education and Care or CHC50113 Diploma of Early Childhood Education and Care at The Gordon, along with credit for common units.

Pathway to a school-based apprenticeship or traineeship

Successful completion of this program can also lead you to a range of entry-level employment opportunities which may include working as a childcare assistant, family day carer, nanny, and out of school care assistant.

The need-to-know stuff:

Structured work placement

Work placement is mandatory for assessments within this program. Work placement may occur during the term holidays.

Selection requirements

Applicants must have successfully completed Year 10 to be eligible to undertake this program, and must also attend an interview before being selected.

Compulsory information session

You will be required to attend an information session with a parent/guardian. Details will be sent to you by mail and through your secondary college VET Coordinator.

Tuition fees

Refer to secondary college for confirmation of tuition fees.

Ancillary fees

Ancillary fees payable to your secondary college for 2020 are:

22261VIC

Certificate II in Electrotechnology Studies (Pre-Vocational)

Duration
2 years

Training location
East Geelong, Wyndham

Structured work placement
Recommended

Program description

This course will equip you with the basic skills and knowledge to enhance your employment prospects in the electrical industry, and is designed

to increase your opportunity to gain an electrical apprenticeship. The program also provides experiences in, and knowledge of, a range of occupations at electrotechnology trade level, helping you to make more informed choices about your career path.

Program content

This program consists of 10 core units and elective units up to 120 hours that cover the following topics:

- Work safely in the construction industry
- Provide basic emergency life support
- Apply OHS regulations, codes and practices in the workplace
- Fabricate, assemble and dismantle utilities industry components
- Solve problems in ELV single path circuits
- Fix and secure electrotechnology equipment
- Provide solutions and report on routine electrotechnology problems
- Produce products for carrying out energy sector work activities
- Carry out routine work activities in an energy sector environment
- Identify and select components, accessories and materials for energy

sector work activities

- Attach cords and plugs to electrical equipment for connection to a single phase 230 volt supply
- Use of routine equipment plant technologies in an energy sector environment
- Provide basic sustainable energy solutions for energy reduction in residential premises.

Contribution to VCE

Upon successful completion of the program, you are eligible for up to three units at 1 - 2 level and a unit 3-4 sequence together with an ATAR increment (10% of the lowest study score of the primary four VCE studies undertaken).

NB. These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

The direct career pathway from this program is into a full-time apprenticeship in electrotechnology. Other career outcomes in the industry include: refrigeration, renewable energy and general electrician

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

Training location
East Geelong

Structured work placement
Recommended

VCE
Scored Assessed Program

Program description

This course will equip you with the entry level skills and knowledge to work in the engineering industry and increase your opportunities to enter into an apprenticeship in the field.

Program content

This program consists of 11 units that cover the following topics:

- Apply principles of OHS in the work environment
- Use hand tools
- Use power tools/hand held operations
- Perform basic machining processes
- Apply basic fabrication techniques
- Report on a range of sectors in the manufacturing, engineering and related industries
- Select and interpret drawings and prepare three dimensional (3D) sketches and drawings
- Undertake a basic engineering project
- Investigate carbon fibre composite processes and terminology
- Perform intermediate engineering computations
- Set up basic pneumatic circuits.

Contribution to VCE

Upon successful completion of the program, you will receive up to three units at 1 - 2 level, and a level 3-4 sequence. You have the option to undertake Scored Assessment and the study score can be fully counted as one of your best four studies for ATAR purposes, or will count as a fifth or sixth study increment, if not one of your four highest scores.

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

The direct career pathway from this program is into a full-time apprenticeship in fabrication which can lead to careers as a boilermaker, welder, or fabricator. Alternatively, this may lead into a full-time apprenticeship in mechanical engineering which can lead to careers as a fitter and turner, maintenance fitter, or tool maker. There are also post-trade study options as outlined in the diagram, which can lead to a Bachelor of Engineering.

FULL QUALIFICATION

SHB30215

Certificate III in Make-up

Duration
2 years

Training location
Geelong City, Wyndham

Structured work placement
Recommended

Program description

This course will equip you with the hands-on skills and knowledge required to provide make-up services in a salon or as a freelance artist. The program covers topics such as demonstrating and selling make-up and retail skincare products, and also develops your communication and customer service skills to prepare you to perform routine salon and store functions.

Program content

This program consists of 15 units that cover the following topics:

- Design and apply make-up
- Design and apply remedial camouflage make-up
- Research and apply beauty industry information
- Comply with organisational requirements within a personal services environment
- Apply safe hygiene, health and work practices
- Apply cosmetic tanning products
- Advise on beauty products and services (clustered with both make-up units individually)
- Provide lash and brow services
- Conduct salon financial transactions
- Design and apply make-up for photography
- Apply airbrushed make-up
- Design and apply creative make-up

- Provide salon services to clients
- Market the small business
- Undertake small business planning.

Contribution to VCE

Upon successful completion, you will be eligible to receive up to four units at 1-2 level and a unit 3-4 sequence.

NB: These credits must be confirmed with the VET Coordinator at your school.

Contribution to VCAL

Contribution to VCAL is determined by the number of units successfully completed. See page 7 for more information.

Pathways/career opportunities

Upon **successful completion** of this qualification through The Gordon, you can receive a **guaranteed place** into a range of beauty and make-up courses at The Gordon.

Successful completion of this program can also lead you to a range of entry-level employment opportunities in the make-up industry, in roles such as a salon assistant or retail cosmetic sales assistant. School-based apprenticeships and traineeships may also be available in addition to entry-level employment..

The need-to-know stuff:

Structured work placement

A minimum of 10 days' work placement spread over two years is strongly recommended for assessments within this program. Work placement may occur during the term holidays.

This program requires the purchase of additional items, which remain the property of the student.

Details of these items will be provided to successful applicants.

Further study options

Occupational Health and Safety requirements in the workshops

The Gordon is required to abide by the regulations contained with the Occupational Health and Safety Act 2004. These regulations, together with the requirements of The Gordon, demand that minimum standards are to be observed by students when attending workshop classes at The Gordon.

Personal Protective Equipment (PPE)

Specific standards to be observed by students attending classes include:

- Safety glasses and hearing protection must be worn in designated areas. These areas are clearly identified by signage and instruction by teaching staff.
- Approved safety footwear must be worn at all times. Footwear such as thongs, sandals, sneakers and the like are not permitted.
- Approved safety clothing (khaki overalls / work pants) must be kept in a good state of repair. Shorts and singlets are not permitted.
- All personal protective equipment (PPE) must meet the requirements of the relevant Australian Standards.

Please note: Any student who presents for class without the required clothing, PPE or drawing equipment will be sent back to the relevant secondary college.

Gordon staff will inform the secondary college VET Coordinator where such action has been taken.

A Safe Work Method Statement (SWMS)

SWMS's are compulsory, and are conducted prior to any task being undertaken or as directed by the teacher.

All students will have input into the development of the SWMS which will identify any hazards or risks associated with the task. The SWMS is undertaken to highlight these hazards to students in order to remove or reduce the risk factor.

Incident/accident notification

All incidents, accidents and near misses must be reported immediately to the relevant Gordon teacher or staff member. In the event of a serious injury, The Gordon OH&S Manager must be notified immediately to determine if the work area needs to be preserved and any specific actions that may be required.

A Health and Safety 2 form is to be completed for all incidents/accidents/near misses and then forwarded to the OH&S Manager.

The nuts and bolts

Application and enrolment procedures

Applications are submitted directly to The Gordon, via an online form.

- Initial application forms are due to The Gordon by Friday 6 September 2019.
- Online applications are to be completed in full and include your Unique Student Identifier (USI) – refer USI section below.
- Ancillary fees must be paid to the secondary college or arrangements made for payment to occur, before the application can proceed to enrolment (speak with your VET Coordinator about these arrangements).
- You and your parents may need to attend an information evening for your chosen program.
- Some programs apply eligibility and selection criteria such as interview, aptitude tests etc.
- The Gordon will inform your secondary college of successful application.
- The Gordon will send a letter informing you of enrolment session details.
- Late applications will be accepted, however will only be considered if vacancies exist or become available at a later date.
- Unique Student Identifier (USI)
- As a VETDSS student, you must provide The Gordon with your USI which is a compulsory requirement of the Federal Government.
- If you do not already have a USI then you must access the following website and follow the instructions: usi.gov.au/Pages/default.aspx
- You are required to enter your USI in The Gordon application process, where indicated.
- Tuition fees vary between programs. Details of these may be sought from your secondary college VET Coordinator.
- The Gordon will invoice your secondary college for tuition fees.

Ancillary fees

Ancillary fees are applicable to many programs and may include, but are not limited to, class materials and other fees specific to a given program such as First Aid Certificate fee, Construction Industry Card fee, Responsible Service of Alcohol fee and Excursion fee.

- The Gordon will inform your secondary college of your ancillary fees. Indicative ancillary fees are also included in this guide for your information, and are subject to change prior to enrolment.
- Ancillary fees are to be paid directly to your secondary college. For details of payment arrangements please speak with your secondary college VET Coordinator.
- Your secondary college will inform The Gordon when you have paid or made arrangements to pay your ancillary fees, and you will then be invited to enrol.

Additional items to be purchased by the student/parent

Certain items are specific to particular programs and individual student needs. These include but are not limited to protective clothing, textbooks, student workbooks, kits for hairdressing and beauty programs and some minor equipment items.

- The Gordon will inform your secondary college of the details, which are also included in this guide and are provided with letters sent to successful applicants.
- These items must be purchased by the student/parent and remain the property of you/your parent and any refund sought due to withdrawal from a program must be negotiated with the respective supplier.

Student withdrawal process and fees refunds

- You have a four-week 'grace period' from program commencement date from which you may withdraw from your VETDSS program.
- Withdrawal within this four-week period will ensure The Gordon does not charge your secondary college for your tuition fees. The Gordon may also adjust the amount of ancillary fees to be charged to the secondary college – this depends on the program, and your individual circumstances.
- Withdrawal after the four-week period means The Gordon will charge your secondary college for the full amount of the tuition and ancillary fees.
- During any calendar year, if you transfer from your VET Delivered to Secondary Students program to an apprenticeship or traineeship in the same program area, and The Gordon is the registered training provider for that apprenticeship or traineeship program, then any adjustments to fees and charges for the VETDSS program will be determined on an individual basis, taking into account the date of transfer, results processed and any other related matters.

Information sessions

If you are applying for a VETDSS program, you will be required to attend an information session with a parent/guardian. Details will be sent to you by email and through your secondary college VET Coordinator.

Student results, and reporting student progress

- Student results are sent to secondary colleges at the end of the year.
- Where a student receives an NYC (unsuccessful) result for any unit throughout the year, this will be reported to the relevant secondary college along with advice as to what the student must do to allow the result to be converted to CM (successful). It is the student's responsibility to follow up on any NYC results.
- The 'secondary college progress report' format is used within the VET sector.
- The Gordon will provide a status report on an individual student's progress to the relevant secondary college.
- Where The Gordon's teachers have a concern over the progress of an individual student, this concern is reported to the secondary college for follow up with the student and where necessary, the parent/guardian.

Student absences

- Gordon teachers mark attendance rolls at every class session of the program.
- Any recorded student absence is reported by The Gordon to the relevant secondary college on a weekly basis.

Duty of care and student collection at end of class sessions

- The ultimate responsibility for student 'duty of care' rests with the relevant secondary college principal.
- The Gordon will at all times make every effort to ensure the safety of students.
- It is the responsibility of the parent/guardian to collect students from The Gordon at the end of class sessions. Once classes have concluded, The Gordon's duty of care ceases and it becomes the responsibility of the parent/guardian.

Recognition of Prior Learning (RPL)

- The Gordon offers RPL to students who believe they already possess the skills and knowledge to fulfil a certain unit(s) within their program.
- See The Gordon website or speak with your Gordon teacher for more information on RPL.

Guaranteed pathway places

- Where an appropriate pathway program exists at The Gordon, a guaranteed place will be offered to students who successfully complete their VETDSS program through The Gordon.
- The Gordon's standard enrolment conditions apply, and pathway programs will only proceed should viable numbers of applications be received

Further information

If you'd like to know more about VET Delivered to Secondary Students, please speak with the VET Coordinator at your secondary college in the first instance. You can also contact:

Kristen Grasso

Manager

The Gordon Vocational Pathways Unit

Important notes:

Courses are subject to change without notice.

Courses are subject to minimum number of students enrolling.

Quality Training Guarantee

The Gordon's Vision

The Gordon's vision is to be the first choice in our markets and the leader in our field. We are committed to complying with all our regulatory requirements as a Registered Training Organisation (RTO) in the vocational education and training (VET) sector.

The VET Quality Framework

As a quality assured RTO, The Gordon has a regulatory obligation to comply with the requirements of the VET Quality Framework. The framework includes the:

- Standards for Registered Training Organisations (RTOs) 2015
- Australian Qualifications Framework
- Fit and Proper Person Requirements
- Financial Viability Requirements
- Data Provisions

A complete version of the VET Quality Framework is available at [asqa.gov.au](https://www.asqa.gov.au)
