

CHIROPRACTOR

Kingsley graduated St. Bede's in 1988. A keen cricket, football and rugby player whilst at school, he had initially planned to study physiotherapy. But while studying science at Melbourne Uni he was drawn to the holistic nature of chiropractic instead.

Kingsley completed a double degree in Chiropractic and clinic science in 1995. He worked in private practice in Melbourne for two years before travelling to Scotland and establishing two clinics there. Kingsley returned to Mentone to practice in 2002. Lifecare Chiropractic now employs 12 people and continues to grow. Kingsley has a special interest in sporting injuries and has been closely affiliated with St Bede's, Edithvale/Aspendale, Mordialloc and Beaumaris football clubs as well as St Brigid's/St Louis and Hampton cricket clubs over the years. He has also cared for various AFL, soccer and Olympic athletes over the years. He looks forward to sharing his experiences with St. Bede's students.
