

12 September 2018 Master

UNI

Australian Catholic University – Know Your Options

10 December

North Sydney, Strathfield and Canberra Campuses

Come along to Know Your Options, our information sessions where you can talk to experts about your course and career path, learn about alternative entry and admission pathways, explore our campus, and meet staff and students.

https://www.facebook.com/pg/Australian.Catholic.University/events/?ref=page_internal

International Students and UAC

If you are undertaking one of the following qualifications can apply for undergraduate courses through UAC:

- an Australian Year 12 in or outside Australia in 2018
- an International Baccalaureate Diploma in 2018 or May 2019
- a New Zealand National Certificate of Educational Achievement (NCEA) Level 3 in 2018.

All other international students apply directly to the institutions, not through UAC. Each institution has its own application procedures and admission requirements. Full details are found here:

<https://www.uac.edu.au/future-applicants/international-year-12-students>

UTS - Galuwa Experience - NSW

5 to 9 November

Ultimo

The UTS Galuwa program is a fantastic opportunity for young Aboriginal and/or Torres Strait Islander high school students to discover what a degree at the University of Technology can provide.

Program features include interactive hands-on workshops, site visits with industry partners, cultural activities, information about career paths and inspirational talks from Indigenous and non-Indigenous students, cadets and professionals.

Reminder - Macquarie's Co-op applications Actuarial Studies or Accounting

Applications close - 28 September

As a Co-op student, you'll undertake three placements of three to six months each, over the course of the four-year combined degree. This unique practical experience means you'll develop in-demand skills such as communication, creativity, ethical practice and entrepreneurial expertise. Your learning will be further enhanced via classroom-based reflective tasks designed to prepare you for the real-world workplace. These competitive combined courses attract high-achieving students with leadership potential, who can demonstrate a genuine interest in the accounting or actuarial professions.

Western Sydney Uni Liverpool City Campus Open Day

22 September. 10.00am to 2.00pm

Come along to Liverpool City Campus Open Day and experience the campus for yourself. The Open Day will include tours, interactive demonstrations, live entertainment and family-friendly activities.

You'll get the opportunity to engage with our industry and community partners, access course advice, receive career consultations and learn about Western's entry pathways, fees and scholarships.

<https://www.westernsydney.edu.au/openday/liverpool.html>

Western Sydney U Day Parramatta

7 November. 9.30am–1.30pm

Parramatta South campus

Western Sydney U Day is designed for senior high school students who are considering university study. You will have the opportunity to experience campus life with academic presentations, student panels and interactive activities.

Western Sydney University Reminder - Music Auditions and Interviews

Auditions are now open for Year 12 music students looking to study music at Western Sydney University. They can secure an early offer to the Bachelor of Music by attending an Early Audition on 24–28 September. Main round auditions are also available 3–7 December, and late round auditions in January 2019. Find out more and book an audition. If students can't make these dates they can contact enquiriesHCA@westernsydney.edu.au and an alternative date can be organised.

New - Australian Catholic University Bachelor of Education Studies

This course has been designed for students who are passionate about becoming teachers, but do not achieve the entry requirements. After successfully completing one semester of study in the Bachelor of Educational Studies, they may be invited to transfer to their ideal teaching course in the following semester, provided they have met the entry requirements. Alternatively, if they complete one year of full-time study in the Bachelor of Educational Studies, they will be guaranteed entry into the second year of the Bachelor of Education (Primary) or the Bachelor of Education (Early Childhood and Primary).

Find out more information about pathways into ACU early childhood, primary or secondary teaching courses.

CSU New - Bachelor of Business (Industry Professional Practice)

CSU has launched a new course designed in consultation with industry to create job-ready business professionals. Intensive face-to-face learning during the Bachelor of Business (Industry Professional Practice) will give students knowledge across a range of business functions. It also features workplace learning and tailored career mentoring and development modules so students become embedded in their industry of choice from the first year of study. Students will also have the opportunity to select from a range of joint studies to suit their career direction.

La Trobe Bachelor of Biomedical Science (Medical)

For decades, regional areas of Australia have experienced a shortage of medical professionals. La Trobe University is addressing these shortages with the Bachelor of Biomedical Science (Medical) - a new degree created in conjunction with the University of Melbourne. The course is offered exclusively to rural and regional students and taught in both Bendigo and Albury/Wodonga. The degree is specifically designed as a rural medical pathway to the University of Melbourne's Doctor of Medicine to be offered in the city of Shepparton.

The University of Newcastle - Five New Undergraduate Degrees

Bachelor of Aerospace Engineering (Honours) This course will develop your understanding of aerospace systems and teach you how to control the response of these structures while keeping your feet on the ground.

Bachelor of Global Indigenous Studies This new degree is supported by our world-renowned Wollotuka Institute. Using Indigenous knowledge systems, you'll learn to work effectively with local and global communities to tackle social, economic and ecological challenges.

Bachelor of Renewable Energy Engineering (Honours) Be at the forefront of renewable energy innovations and develop creative solutions to one of the world's biggest challenges to create a better world for future generations.

Bachelor of Science The new 2019 program offers hands-on learning, collaboration with researchers and other industry professional, and specialisations so you can discover the type of scientist you want to be.

Bachelor of Business/Bachelor of Environmental Science and Management Match your business skills with your interest in environment and sustainability to develop a commercial approach to entrepreneurial opportunities in the environmental space.

University of Newcastle - Year 12 Subject Spotlight

Check your subject bands to the degree you desire. At the University of Newcastle, we believe that your ATAR doesn't define who you are. Our Year 12 Subject Spotlight program rewards you with an early offer for your hard work and strong results in one or more subjects related to your degree.

Code 4 Fun – School Holiday Workshops

8-12 October

Coding is a challenging yet rewarding experience. As the digital landscape continues to change so will the way in which we communicate within it. Once you learn how to code the only limit of what is “possible” is your imagination. Learning how to code will allow the students of this generation to become architects of the future. At Sydney Programming School, we ensure that our students are equipped with the necessary tools to help them build their very own games, apps and interactive stories. Kids start from Scratch to advance to real programming languages such as Python, JavaScript, HTML, CSS, Phaser and Unity3D programming.

Explore your opportunities at Defence Force Recruiting.

<https://www.facebook.com/pg/DefenceJobsAustralia/events/>

Year 12 UAC Advice Supplement

ATAR Advice from UAC

Remember to download and print your ATAR Advice Notices when ATARs are released in December. You only have free access until February to do this. After that you will be charged for a digital or printed copy.

Course Offer Rounds for Year 12s

The most important offer rounds for Year 12 students are December Round 2 (Thursday 20 December 2018) and January Round 1 (Friday 11 January 2019).

Not all courses will be offered in December Round 2, and applicants should check UAC's website for details of excluded courses before they finalise their course preferences.

Students whose results are not available in time for December Round 2 can be assured that they will not be disadvantaged. Universities will still have places available to make offers to all courses in January.

Early Bird Applications are Closing

28 September

The processing charge you pay for applying for university through UAC depends on when you apply. The **early bird charge of \$70 ends at midnight on Friday 28 September** so remember to apply by then. After this date the fee reverts to the standard processing charge of \$200.

Advice: Even if you are not sure of your courses by this date, apply by 28 September and then change your course preferences after this date as many times as you wish – for free!

SRS Applications are Closing

Applications for the Schools Recommendation Schemes (SRS) close at midnight on 28 September, so don't forget to get your form back to your Careers Adviser well before this date!

UAC PINS:

All 2018 NSW HSC and ACT Year 12 applicants had their UAC PIN emailed to them in early August at the email address they registered with NESAs. We will be sending a PIN reminder email on Monday 24 September to students who have not yet applied through UAC. If you didn't receive your PIN email, look for this email from UAC. If your PIN doesn't work, you need to double-check you're using the UAC PIN and not the PIN issued by NESAs.

If you have lost or forgotten your PIN after you applied, you can click the 'Forgotten your PIN' link under 'Manage your application'.

If you haven't yet applied, you should call UAC. You will need to answer some identification questions and then your UAC PIN will be re-issued.

Note: You are unable to change their preferences between the deadline for changing preferences and the day offers are released.

FOR CAREERS ADVISERS

Career Coaching Tools, Turning Point Consulting, 23 October, 9-1pm

Join a small networking group to discuss fundamentals of industry practice supporting your coaching of students.

Key areas of focus will include: • Digital profiling for career search • Writing a winning resume & application letter •

Current interview trends & expectations, focus on assessment centres & digital interviews Register your interest

at kathryn@turningpointconsulting.com.au

JA Australia Speed Mentoring Excursions with Sydney Metro for yr10-12 students

STEM Speed Mentoring excursions opportunities are available for school coordinated groups of year 11-12 students (especially girls interested in engineering and STEM) for schools within the alignment of the Sydney Metro project. This is free for schools and students to arrange, Min attendance numbers apply. Contact aaron@jaaustralia.org for information on how your school/students can participate.

JA Australia Company of the Year Program EOIs are now open. (Formerly Young Achievement Australia)

The JA Company of the Year program enables 10-15 students to run a fully functioning business as an extra-curricular after-school activity. Students create a physical product, and raise funds, and liquidate fully experiencing the full business cycle. We are seeking EOIs from schools interested in offering this to your students. This was formerly known as YAA For info: aaron@jaaustralia.org

UAC Course Compass

We're currently developing an exciting course recommendation tool for Year 12 students. Course Compass will use a student's unique mix of HSC subjects to provide recommended areas of study at university. Course Compass will be available on our website in October, well in advance of change of preference deadlines for the major Year 12 offer rounds.
