- find out about our early entry, adjustment factors and pathway programs
- discover how our location within the Macquarie Park Innovation District will help you connect with employers.

<https://www.mq.edu.au/about/events/view/student-and-parent-information-evening-2/>

### **Uni 2 Beyond**

uni 2 beyond supports people with an intellectual disability to study courses for interest and take part in university life. You can study some subjects at the university without enrolling in a degree. You can study these subjects because you are interested in them. This is called "auditing".

<https://cde.org.au/about-uni-2-beyond/>

### **Pre- Uni Confidence Booster Advice**

Going to university for the first time can often be a difficult time even for the best of us. It's a new environment with new people and new challenges that you can't really imagine until you've experienced them. You've just come from a place in which you had just worked your way to the top and where you'd grown comfortable and familiar with the teachers and facilities. Most importantly, you had a support group of friends.

<https://www.cambridgeimmerse.com/pre-university-confidence-boosters/>

## **TAFE**

### **Total College Open Days**

13 and 20 July. 10.00am to 3.00pm

It's designed especially for young people aged between 12 – 25. All you need is a computer or mobile device with a high speed internet connection! There will be Auslan interpreters and live captioning.

Register at:

<https://www.eventbrite.com.au/e/livestreamed-ndis-readiness-workshops-for-youth-tickets-43151326780>

### **FREE Maximising Exam Marks Lecture**

17 June. 10.00am to 2.00pm

UNSW Sydney

Examinations are a great source of stress for students, but it doesn't need to be this way! With the right advice and a solid study plan, you can reduce stress levels, cut down on study time and significantly improve examination marks! When you attend our 'Maximising Examination Marks' lecture, and advice on a wide range of topics.

<http://www.tsfx.com.au/?hsc-program=hsc-maximising-exam-marks>

### **First Australia – Lego League**

Registration open in May

*FIRST*® LEGO® League challenges for youth up to 16 to think like scientists and engineers. During the 2018/19 INTO ORBIT<sup>SM</sup> Season, teams will choose and solve a real-world problem in the Project. They will also build, test, and program an autonomous robot using LEGO® MINDSTORMS technology to solve a set of missions in the Robot Game.

Throughout. Find out more:

<https://firstaustralia.org/programs/first-lego-league/>

### **Study Abroad Scholarship**

Closes 1 June

The winning students will receive a \$500 cash prize along with a personalised education and mentoring package to the sum of \$10,000 to assist in gaining entry to top universities around the world.

<https://community.crimsoneducation.org/study-abroad-scholarship-2018/>

### **How to Pick a Career (That Actually Fits You) – Wait But Why**

*"Society tells us a lot of things about what we should want in a career and what the possibilities are—which is weird because I'm pretty sure society knows very little about any of this. This post isn't me giving you career advice really—it's a framework that I think can help you make career decisions that actually reflect who you are, what you want, and what our rapidly changing career landscape looks like today."*

Read the full article at:

<https://waitbutwhy.com/2018/04/picking-career.html>

### **Australia's Booming Industries - SEEK**

SEEK has revealed the Australian industries that boomed in the last 12 months. We look to the data and speak to industry experts about the trends that will shape the year ahead. See the occupations here:

<https://insightsresources.seek.com.au/australias-booming-industries>

### **Employers Finding It Hard to Fill Jobs - Where?**

SEEK data reveals how candidate availability changed across Australian industries in 2017 compared to the previous 12 months. Discover what industries are attracting more candidates and where the gaps are. Industries categorised as 'easing' saw more applicants for every job, while those categorised as 'tightening' saw less applicants for every job. Industries categorised as 'stable' experienced minimal change during the time period.

<https://insightsresources.seek.com.au/page/hard-to-fill-industries>

### **10 Skills You'll Need By 2020 and Beyond**

The world is changing at such a rapid pace with new technologies, advancements in science and all areas of STEM. To survive and have longevity in your future career will require you to develop personal qualities that will stand you in good stead to face the brave new world you will embrace.

<https://www.careerfaqs.com.au/news/news-and-views/the-10-skills-you-ll-need-by-2020-and-beyond>

### **Science Hall of Fame**

Closes 31 July

Choose a scientist or science discovery you think is worthy of hanging in a Science Hall of Fame, then write a rhyming verse poem on your chosen subject. By the time this year's National Science Week begins the Science Rhymes website will display a collection of rhyming verse poems about the scientists and science discoveries that have captured our imagination. Contact Celia Berrell, Science Rhymes, Email: [celia@sciencerrhymes.com.au](mailto:celia@sciencerrhymes.com.au)

<https://www.scienceweek.net.au/science-hall-of-fame>

### **InTech Major HSC Industrial Tech Projects Exhibition**

22 June to 24 June. 10.00am – 4.00pm

Sydney Timber and Working with Wood Show, Hall 6, Sydney Showground, Homebush

The exhibition covers all Industrial Technology focus areas – Timber Products and Furniture, Automotive, Electronics, Graphics, Metal and Engineering, and Multimedia. The exhibition includes students' folios that document the design, management, communication and production of their projects.

<http://educationstandards.nsw.edu.au/wps/portal/nesa/about/events/hsc-showcases-and-events#intech>

## **FOR CAREERS ADVISERS**

### **Bunga Barrabugu Winter Program – Sydney Uni**

9 July

The Bunga Barrabugu Winter Program is an invitation-only (via the Careers Adviser), week-long academic intensive workshop to prepare Aboriginal and Torres Strait Islander Year 12 students for their end of school exams. Students attend academic workshops presented by expert tutors and undertake exam practice and preparation. During the week students meet academic representatives from faculties to discuss preferences and pathways and may have the opportunity to meet with industry partners.

<http://sydney.edu.au/wpo/indigenous/winter-program/index.shtml>

### **Inspiring the Future for Young Women**

12 June

Brigidine College, St Ives

The Inspiring Futures for Young Women campaign is designed to help young people from all backgrounds, at schools and colleges across Australia to meet and make connections with female role models from a range of sectors. By introducing young people to successful women working in different roles and industries, the aim is to enhance understanding of the breadth of career opportunities available, challenge gendered stereotypes about occupations and give young people the chance to ask questions and make connections with female role models.

<https://www.inspiringthefuture.org.au/page/inspiring-futures-for-young-women>

### **Careers Advisers and Science Teachers - Explore the future of the exciting developments of STEM**

26 June. 6.00pm to 8.00pm

ANSTO Discovery Centre, New Illawarra Road Lucas Heights

Guest speaker is Professor Richard Garrett – Senior Advisor, Strategic Projects and Manager, Industry and External Engagement at ANSTO. Presented by the Australian Institute of Physics New South Wales Branch | Royal Australian Chemical Institute | The Royal Society of New South Wales | Australian Nuclear Science and Technology Organisation. Free event. Optional tour of the Australian Centre for Neutron Scattering.

Bookings essential: [bigsciencecombinedmeeting.eventbrite.com.au](https://bigsciencecombinedmeeting.eventbrite.com.au)

RSVP required by **22 June**

Optional dinner at RockSalt, 1/72-80 Allison Crescent, Menai (\$50 pp.): 8.00pm

Enquiries: Dr Frederick Osman on [fosman@trinity.nsw.edu.au](mailto:fosman@trinity.nsw.edu.au)

### **Optimising STEM Industry-School Partnerships – From Australia's Chief Scientist**

Australia's Chief Scientist, Dr Alan Finkel AO, has prepared a report on the role of STEM in schools, focusing on how STEM is and should be taught, and how it will relate to the jobs of the future.

"Employers with the vision to invest in the future have the insight to look for T-shaped individuals, those who have deep specialty skills (the vertical pole of the T) and broad enterprise skills (the horizontal bar of the T). Take away the horizontal bar and you are left with an 'I' – lots of discipline knowledge but lacking the collaborative skills to contribute that knowledge effectively. Take away the vertical pole and you are left with a dash – possibly smart but always rushing off for the answers instead of being able to contribute to the discussion."

<http://www.educationcouncil.edu.au/site/DefaultSite/filesystem/documents/Reports%20and%20publications/Publications/Optimising%20STEM%20Industry-School%20Partnerships%20-%20Final%20Report.pdf>

### **Australian Apprenticeships Pathways Updated Pathway Flowchart**

The flowchart is a great resource for job hunters and students, demonstrating the steps involved to get an apprenticeship or traineeship.

<https://www.aapathways.com.au/industry-insider-information-and-resources/news/updated-flowchart-for-job-hunters-and-students>

### **Teachers Post Graduate Information Evening**

4 June

104 Broadway Chippendale. (Map) – St Benedict's Hall
