Refuel at Limestone Café Bakery or grab takeaway from Railton Burgers and Bikes. Don't miss the local coffee roaster Gear. House of Grind for your afternoon caffeine fix, or quench your thirst at Seven Sheds Brewery, Meadery and Hop Garden before riding back to Sheffield.

After the sun goes down, relax by a fire under the Milky Way; if you're lucky, the elusive Aurora Australis will make an appearance!

### Day 3: Wilderness & Wildlife

At 1,545 meters Cradle Mountain is the must-do iconic when visiting Tasmania.

Start your journey to Cradle by driving along the distinctive Letterbox Trail towards the town of Wilmot. You might see a yellow submarine, a Tassie tiger, or even the Infamous Ned Kelly.

Stop to stretch your legs at the Wilmot Museum to learn about the town's pioneer history.

Your Cradle adventure begins at the new Cradle Mountain Visitor Centre, a match for the majesty beyond in the Cradle Mountain-Lake St Clair National Park.

The park offers world-class walking tracks ranging from short strolls to the legendary multi-day Overland Track all year around.

One of the most photographed walks in Tasmania, Dove Lake, is a short 6km along an easily traversed boardwalk.

The heritage-listed landscape is awe-inspiring whether blanketed with snow, vibrant colour with the annual 'turning of the Fagus' in autumn or full of baby animals in spring, and the scent of wildflowers on a summer's day.

For the more adventurous, take to the skies with Cradle Mountain Helicopters for a birds-eye view of the World Heritage Wilderness area.

Or if its summer, launch yourself off waterfalls, abseil down cliffs and shoot through nature's waterslides with Cradle Mountain Canyons - no experience necessary!

For a relaxing lunch, drive up to one of the hotels or lodges for a filling meal.

End your day with an up-close encounter with native wildlife at Devils@Cradle. The famous Tassie devils won't disappoint!
