

EXETEL MOBILE VOICE PREPAID PLANS

This summary gives you the important information you need to know about your Exetel mobile voice plan. It covers things like the plan period, billing, what's covered and what's not.

INFORMATION ABOUT THE SERVICE

Exetel Mobile Voice Prepaid plans offer a 4G and 5G (see plan table below) mobile voice service. We use the Telstra Wholesale Mobile Network, learn more at <https://www.telstrawholesale.com.au/mobile-network.html>. The Exetel Mobile Voice Prepaid plans include a 30-day plan validity period and are available for personal use only. The plans have auto-recharged plan fees, included and unlimited allowances and up to 1000GB Data Bank limit, see plans below for detail.

Included national calls and SMS/MMS:

- Unlimited standard calls to national fixed lines and standard national mobile, 13/1300, 18/1800 and voicemail.
- Unlimited standard national SMS and to other Australian mobiles.
- 2,000 Free Text, Picture and Video national MMS to other Australian mobiles.

Speed Cap Disclaimer for 4G plans. Download speeds are capped at 100Mbps. This is the maximum potential download speed. Speeds vary due to various factors like your location, device and network congestion.

Speed Cap Disclaimer for 5G plans. Download speeds are capped at 150Mbps (see table above). This is the maximum potential download speed. Speeds vary due to various factors like your location, device and network congestion.

Plan fees are payable in advance and will be automatically recharged every 30 days or if you recharge early or up/down-grade your plan. The included national data allowance, which includes all usage for both uploads and downloads, expires at the end of each plan validity period with any unused data rolling over to the Data Bank. If you recharge your plan to a lower plan price, your Data Bank data balance will be reset to 0MB. This is a stand-alone service and is not bundled with any other product. There is no early termination fee, but if you cancel your service, any remaining credit will not be refunded.

BYO DEVICE

A compatible mobile (with the Telstra Wholesale 4G and 5G Networks) device is required to gain access to the service and is required to be operated inside the coverage area. More information on device requirements and coverage is available here: <https://www.exetel.com.au/mobilephone/coverage>
