Breathe in the salt air every single day

Gracing what is unquestionably Port Macquarie's most sought after beachfront position – and the last to be offered along Town Beach – Salt brings the beach to you with uninterrupted coastal views and a highly coveted north-facing aspect.

Whilst the unparalleled location puts you in touch with the simplicity and freedom of the elements, each of the fifteen three bedroom + study apartments opens up a world of comfort, convenience and pure luxury.

Are you ready to plunge in?

Borne from the sun and the sea

In the same way that salt elevates taste, each apartment has been meticulously conceived to elevate your quality of life.

From high ceilings and full height windows that frame the breathtaking views, to open planned living spaces and wrap around balconies, there is a seamless connection between your luxurious sanctuary and the ever-changing beauty of the ocean.

Whilst premium additions such as a butler's pantry, abundant storage and ultra-luxe inclusions and fittings provide you with a sense of endless space and sheer indulgence.

Flavour for the soul

Whatever feeds your soul, Salt caters to every possible taste.

Immerse yourself in nature with the aquatic playgrounds of Town Beach – a surfers' favourite, the quieter Oxley Beach, and a plethora of parks, reserves and coastal walks just footsteps away.

Then seek adventures of the urban kind, with the fine dining and casual eateries of William Street just moments from your door. A little further along, you'll discover the bustling epicentre of Port Central, offering up cinemas and a world of convenience and leisure. Whilst the acclaimed bars and cafes sprinkled along the edenic Hastings River provide endless options to eat, drink and play.

Dreams of sand and sea

Architecture at its best embodies beauty, connection to place and imagination.

Taking full advantage of this premium location, Salt's architecture embraces the contrasting tone and textures of the coast it overlooks. Curved walls and a refined selection of materials emulate the raw beauty of the setting.

Stone bench tops and a palette of sand, ivory and subtle shades of blue are inspired by the coastline and the surf to instil a sense of coastal cool and understated elegance.

Team

HARBOURLAND

Harbourland is a multi-award winning, contemporary private property development and project management company. For more than 20 years we have been transforming and revitalising places that not only work in harmony with the community and local area, but provide an exceptional lifestyle for the people who live there.

SPACE CONTROL

Through a holistic approach that embraces unconventional thinking and creative solutions Space Control is renowned for creating spaces that unite form and function through a deep understanding of how a space is used and of the people who use it. Merging interior design expertise, industrial design knowledge and an eye for art direction, we've brought a diverse range of projects together that surprise, delight and, ultimately, work.

KING + CAMPBELL

With more than 20 years in providing a full architectural service, King + Campbell has the advantage of working on projects from the ground up. From concept and detailed design, construction documentation, tendering and contract administration, we are the go-to consultants in the Port Macquarie region for delivering projects of exceptional quality.

MCGRATH ESTATE AGENTS

McGrath Estate Agents is one of Australia's most successful residential real estate groups and houses some of the industry's most productive real estate agents. They are passionate, skilled and highly trained and committed to delivering an unparalleled real estate experience every time.
