

FOSTERVILLE GOLD MINE GOOD NEIGHBOUR GUIDE

Invitation to our neighbours

The Fosterville Gold Mine Community Team are pleased to invite you to the February Good Neighbour Guide (GNG) Reference Group Meeting.

This meeting is open to all residents living near our operation. Topics on the agenda include the opportunity to learn more about:

- FGM's closure planning;
- Upcoming near-mine exploration activities;
- Onsite project updates and upcoming approvals; and
- Local Voices Survey results.

These meetings are an opportunity for neighbouring residents to ask questions about our operation and suggest topics for future GNG Reference Group meetings.

OPTIONAL SITE TOUR

A site tour will also take place prior to the meeting, departing at 4.30pm. The tour will visit the Robbins Hill area, including the TSF construction zone, and the location of the Northern Ventilation Shaft.

REGISTRATION REQUIRED

Scan the QR code or [click here](#) to register your attendance

Alternatively, call 5439 9300 or email fgm.community@agnicoeagle.com
