12:00pm	Gym				
1:00pm	Gym	Gym	Gym	Gym	Gym
1:00pm (upstairs)		Clinical Circuit		Strong Bones, Stable Bodies	
2:00pm	Gym	Gym	Gym	Gym	Gym
3:00pm	Gym		Gym	Gym	Gym
4:00pm	Gym				

Our classes cater for people with the following conditions:

- Diabetes
- Cardiac Rehab
- Arthritis
- Parkinson's Disease
- Osteoporosis
- Neurological conditions
- Cancer
- Respiratory disease and asthma
- Musculoskeletal injuries
- Obesity
- Mental health support

During Clinical Exercise Group Sessions, your exercise physiologist or physiotherapist will closely monitor your response to exercise and provide individualised advice, using evidence-based exercise modalities you enjoy most, to help you reach your health goals faster.

Clinical Exercise Groups are 60 minutes in duration, capped at 8 participants and rebates may be available through your private health insurer or applicable funding (Eg Medicare, DVA, NDIS).

An initial assessment is required prior to entry into group exercise classes, to design a program that best suits your health needs and to establish your goals.

Safety Requirements:
Please bring a towel and water bottle to each appointment.
Please sanitise all equipment with supplied sanitiser after each use.

BOOKINGS ESSENTIAL.
