## 1. Purpose

YMCA Children Services will facilitate a smooth transition for children and families from home/school to the service. We aim to ensure that each child and family receives an enrolment process that meets their needs, allowing the family and child to feel safe and secure in the level of care that we provide.

# 2. Scope

The scope of this Policy applies to all Board members, Sub Committee members, educators, and volunteers. This Policy applies to all YMCA Member Associations. For the purposes of this document, we refer to these as the YMCA. All Policies and Procedures must conform to this Policy.

### 3. Policy Statement

The process of enrolling and orientating new families will be conducted in a sensitive and supportive way so the experience can build the foundations for ongoing partnership between the family, educators, and the service.

Ideally, parents/guardians will complete, sign, and submit an enrolment via Xplor at least five working days prior to the child's first attendance, allowing time to complete all requirements for health and safety. Parents/guardians can enrol earlier, as long as all health and safety requirements are met prior to care commencing. If parents/guardians wish to claim Child Care Subsidy, the enrolment must be confirmed on MyGov within two weeks of the commencement date.

When children are enrolled at YMCA Childrens Services it is necessary to gather personal information relating to the child and the child's parent/guardian. The number of children wishing to attend YMCA Childrens Services may, at times, exceed the number of children legally allowed to attend. In this case, a waiting list will be established.
