ABOUT THE PROGRAM

YMCA South Australia Youth Parliament is a non-partisan program providing a platform for young people aged 15-25 to voice their views on important issues, build leadership skills, parliamentary understanding, and learn about democracy.

Youth Parliament focuses on personal development, empowering young people to be advocates for their community and to seek change by connecting youth voices and opinions with politicians and decision makers.

The role of a Youth Parliamentarian is a privilege – you will use your voice to represent young people across the state. Use it wisely.

As a Youth Parliamentarian, you will learn all about parliamentary process, how to write a bill - and how to debate it in Parliament House. You will also have the opportunity to build essential skills in public speaking and working in teams.

Best of all, you will join other young South Australians who want to learn more about Government and how laws are made, developing their knowledge to create positive change in their community.

We hope to have a diverse group of young South Australians to participate in the 2022 YMCA SA Youth Parliament and we can't wait to see the range of issues you choose to debate in Parliament House in July.

This booklet outlines the Youth Parliament journey for participants in 2022. We hope you're excited!

WHAT IS DIFFERENT FOR YOUTH PARLIAMENT 2022?

The dedicated volunteers that run the program (the Taskforce) has made it their mission to ensure that the program can go ahead with the health and wellbeing of participants in mind.

What it going to be different?

The program will continue to be tailored to coincide with the current SA Health and SA Government regulations and restrictions regarding the COVID-19 pandemic. With current regulations, there should be minimal impact on participation. This means:

- In-person Training Weekend in April
- Parliament Week in July

The Youth Parliament program currently has no restrictions on participants and COVID-19 vaccination status. However, this may change pending on changes to regulations, YMCA policies and procedures, or venue mandates.

Please note that our Taskforce want to ensure that all participants get everything they can out of the program without impacting on their health and wellbeing. As such, dates may change to coincide with COVID-19 restrictions to ensure participant safety and the program.

If changes are made once the program has begun, they will be communicated with the participants in a timely fashion.

WHAT HAPPENS AT YOUTH PARLIAMENT?
